

STRATEGIES FROM THE GREYS

Information received on 16/2/1998

IMF **(INTERNATIONAL MONETARY FUND)**

Today an important person from this Fund, went to Russia to "see how the economy is doing in this country".

Usually they say one thing to hide another. As we know that they have all the data about all countries, this excuse does not make sense.

What does make sense is that they want Russia to support their war, that is the Clinton War! IF they do, they will get loans!!! This way, IMF helps Clinton and at the same time has an extra hold on Russia.

Lets hope that Russia will not go for IMF "help".

What we should be aware of is that all this is part of the Grey's strategic organization, and that we are NEVER told the truth about what is going on.

We also have today a Big meeting between the countries in Asia. There is an official reason for it, but it is obvious what will be discussed. So, Asia is moving.

Amazing, but we are made to believe that our economy depends on the loans we receive from the IMF, when the truth is that they live on OUR money.

We have fallen into the trap of their "help" to operate. Private people as well as nations, have become their working slaves. Practically no one owns anything fully. Most enterprises owe the BANK money, which makes them the real owners. Many work till they die to pay loans back.

We think that this is "normal". It is NOT, but it certainly is a subtle way of having working slaves all over the planet.

Please remember that they have the press in their hands and can make us believe ANYTHING THEY WISH!

A deadly cycle is that they also pay for weapon production, countries fight (what they are trying desperately to achieve right now), and then everyone seeks their help to rebuild the place.

In reality an OLD BANKING GAME into which we fall very often!

The whole purpose of this information, as well as the one about the location of the Bases is to bring these ideas forward so that anyone that wishes to understand our current situation can have the data.

IN ORDER TO BE ABLE TO ACT CORRECTLY, ONE NEEDS CORRECT
DATA!
