

Terrestrials WAKE UP!

Information received 20/2/1998

In the press today it was said that Saddam Hussein is a ruthless military dictator who does NOT care at all if millions die in a war. But, this we already KNOW!

What we are not prepared for is a president of the United States of America, a nation that represents **liberty, opportunities and HUMAN RIGHTS**, not to care if he puts the planet in "flames", where billions could be destroyed.

It seems that to "save his face", this president wants to start a war. The saddest thing of it all, is that that face is already lost.

Some questions I would like you to answer to yourself:

ïWhat nation uses JUSTICE punishing with fines, imprisonment or dead penalties **before** a crime has been committed?

ïIn what country can you find parents punishing their children **before** they have done something very wrong?

ïWhat kind of people will burn and destroy **their own** properties and the houses they live in?

Well, it seems that we terrestrials are doing just that!

Apart from human tragedies of all sorts, our poor Planet cannot take much more pollution. Do you remember how much SMOKE went into our stratosphere during the 1991 war?

Iraq will possibly do the same thing again.

This will be **DESTRUCTION** in many different ways.

CITIZENS OF THIS PLANET HAVE FORGOTTEN ABOUT THEIR OWN
PERSONAL POWER.

THEY HAVE ELECTED THIR OWN PRESIDENT!

Has their purpose been to ask him to destroy the world they live in?

If the citizens of this Planet allow it, they will all have to live or die under the consequences.

Strangely enough, *it is part of OUR responsibility!*

WE STILL HAVE A CHANCE IF WE WAKE UP
