## **BELIEVE IT OR NOT**

# **THIS IS HOW AND WHY GLOBALIZATION WORKS**

## **INTRODUCTION TO THE "16's"**

Here you will find a description of the subtle Web encompassing US all.

I do not want anyone of you to believe me, just because I give you this information.

But, I would be truly delighted if you gave your daily life a look, and when you see or hear the News, try to find out what lies behind them.

You can see that most things are not even hidden.

The most hidden part of it all is their PURPOSE!

When a purpose is EVIL, good programs and promises never get fulfilled as their purpose and intention is wealth for the few, misery for the rest. This way our beautiful planet goes toward its destruction.

They will have a much harder time accomplishing their purpose as soon as we get AWARE of it!

Some of you may even be part of this Web without your knowledge.

Remember, we are being used .... to destroy ourselves!!!!!!!

As long as we do not know about all this, the "16" + the Aliens have a very easy time playing 'cat and mouse' with all of us.

Thank you for reading my Work!

# Facts or Fiction

## INTRODUCTION

So much is being written about the aliens that I felt very confused. But, *when there is so much smoke, there must also be a fire somewhere*. I have made my own investigations, and what I have found I am stating in these pages.

Apparently we have here on this planet a COMMON ENEMY, but we are not certain that he exists. Instead of subduing the COMMON threat, we fight each other continually.

Most people feel that many strange things are happening all over the planet, such as crime, terrorism, disasters, change of climates, drugs, pollution, diseases, etc.

We also see that governments are unable to handle these things, and we do not understand the reason for the rapid decay of our civilization. Often not even the governments know what is going on behind the scene.

Well, with the information I expose in this page, there is a possibility to take a new look of the world situation.

There are ways to check the validity of this information, if anyone wishes to do so.

In the area where a Base is located there are often occurring "strange" phenomena.

One can ask people in the surroundings if they have noticed anything strange, seen lights, people disappearing...

Most of us have seen these orange lights, have heard stories about abductions, or people who came back from strange experiences, but, as far as I know, not one has told us WHERE this Bases are situated, and none has described their PURPOSES and their ORGANIZATION!

Obviously, if there are Space Ships flying around, there must also exist places where they land, repair their Ships, sleep.....LIVE!

Knowing where they are and what they are doing enables us to find the means of neutralizing them.

They are FEW compared to us, but they are in possession of an advanced technology of which we know far too little about.

When we know from where our main trouble comes, we also have a possibility to do something about it. Without this knowledge we are only *shooting blindly at each other*.

WHAT WE SHOULD KNOW, IS THAT WE HAVE AN ENEMY IN COMMON TO ALL NATIONS OF THE PLANET AND THAT, IF WE DO NOT HANDLE

HIM, HE WILL HANDLE US BY SEPARATING US FROM EACH OTHER AND DESTROYING US.

In this work it is referred to the Greys from Andromeda, but any being from another planet, would, by the meaning of the words, be an ET.

There are MANY more Bases, also I doubt that I have spotted all there is in each area, but I am pretty certain that what I have found so far, will give us a good idea about what is happening on this planet at this moment. Also, I am certain that there are people who know more, or the same as I do, but our information media, through the daily press is so controlled , that all they tell us of "certainties" is confusing us every day more.

I will not establish an E-Mail line for two reasons; the first one being that **ALL** I know is already stated.

The second one is to keep my mind clear to continue on this job **ALONE** , this way I do not work on anyone's suggestions or on other people's ideas.

I will continue with my research, as I eventually wish to cover the whole planet. My time is limited, but I plan to send out the next area I finish.

I hope that this work will be of some help for a better survival of this planet.

I am very grateful to anyone that has the guts to do something about our problems.

Love to all that are interested.

A FRIEND!

# The “16”

## GENERAL STRATEGY

Each of them has 4 operating “cells” under their command. No “cell” will ever know who really commands them.

The “16`s” actions are coordinated under an apparent chaos.

Their most powerful secret weapon is a spider net of solid communication lines that embrace the whole Planet.

Meetings are held only when necessary with very short notice. Maximum 48 hours.

They are being tightly supervised from **outside** sources, from Mars. There they have **all** the necessary information to be able to make whatever program is needed.

**When they want to use our bodies, they take some that are adequate and acceptable for our society.**

### TERMINAL N° 1

Country: USA                      Town.- New York

**Name:** JOHN LONICK

**Age:** 51. Married, two children.

**Estate:** In the State of New York. Space for plane landings.

**Position in Society:** Doctor in Philosophy, gives lectures in several Universities. A very light job as it is a cover.

**Job Profession:** Specialized in Economy. Member of CFR (Council of Foreign Relations) as well as MJ12.

### ACTIVITIES

No one would ever imagine his key position in religious sectors. Knows all about world politics. His reports are important for the ET’s organizers on Mars (he does not know that they are on Mars, he thinks they are on the Moon).

Can influence any politician through some of his sects. He also can exert economic pressures if not obeyed. (Thorough politics and banking all can be manipulated).

As he “must study” for his lectures, he has the time and peace to handle reports and give his indirect orders.

He only receives reports about top members of the different sects:

- a). for influence
- b). for wealth

This make all simpler through computerized files, easy to elaborate. His ET’s contacts are mostly with our bodies. They use very special communication devices, incredibly small, (can be hidden in a box for matches).

About twice a year he meets the ET’s in special bases – mostly with others of the 16 Group.

When meetings of the LEADERS of sects are made, he can follow them, without being seen, so he KNOWS they don’t know him.

This guy could be taken over by a positive being and the influence could be for the betterment of societies as stipulated in most sects.

- THE MEETINGS WE HEAR ABOUT ARE NOT OF MAIN IMPORTANCE**
- THESE GUYS DIVIDE THE PLANET BETWEEN THEMSELVES**
- THEY THINK THEY OWN IT**

# Terminal N° 1

Main Activity over: **Religion & Sects**

## Cell # 1 -spotting and reporting people on sects and religion movements-

A follow up of what the different sects are doing. Information Cell through infiltration.

They have a list of the main religions and sects; it includes the Masons, Dalai Lama's group, the Vatican, Scientology as well as the new mental movements such as Yoga, T.M., etc.

Even if they have a list of everything in sight, they must find out about any NEW important movement appearing on the scene.

They mostly select people that are already in the group. It is always easy to get small information for big money. It looks so innocent as direct questions are never asked.

The information they pass better be genuine as mistakes are not accepted by **N° 1**.

Only **N° 1** gives the data to the required computer. A Very tough guy. **300** people work under him and they have their informants. All is done by assignment. If needed some of the **300** may know each other. Out of the **300** there are **4** bosses and they know each other.

This looks as a rather 'unimportant' Cell, but it is through it that the manipulation of IMPORTANT people is done.

Influential and wealthy new members must immediately be reported.

**N° 1** knows about all the interests the "**16**" have.

## Cell # 2 -contacts needed for political and economic reasons-

Contacts to the persons the "**16**" have interest in. These people, mostly men, must be in a high social position to be considered for the job.

In the sects they all act as "brothers", once accepted, so ANY kind of political or economical arrangements can be made and kept SECRET. This way the Web is consolidated.

Many 'threads' are in use, without the knowledge of these 'threads', and they work actively in our present society!

Power and greed moves most people, and some even believe they are helping a good cause when they are being contacted. Only the “16” know what each ‘thread’ means for the complete World Wide Web.

Cell # 2 is exclusive, people like to work in it as only those are chosen that are compatible with **Globalization** through religious sects. This is a kind of Club where they meet each other and have easy access even to the Illuminati, if needed. Also they can enter the most secret Sects.

Basically they are very intelligent and often charming manipulators. Most of the political and possibly also economical movements we see in the press are a result of such undercurrent agreements.

There are **241** ‘Club’ members. Again it all looks very easy going and luxurious – great dinners, excellent parties, etc.

**N° 1** is merciless, so there are some “natural” deaths happening once in a while.

The responsibility for this Cell is the ET’s, some with human bodies. This Cell is so important that they do not dare leave it all to the terrestrials. **4** bosses using our bodies. They work directly with **N° 1**. This is the MAIN invisible group on our Planet. There are also **4** of our people with mayor responsibilities.

EXACT orders are given to these contacts. In reality a tough job, as they simply cannot afford to fail.

### **Cell # 3 -supervising execution of agreements made by cell # 2-**

The Execution Cell comprises many different sect and religious people.

To the agreements made by Cell # 2 a follow up is needed. These are in reality spies that must follow the current events. They may slightly push towards the stipulated targets, but never so much as to be detected.

They are introduced in areas where agreements have been made, forwarding information about the trend of events as well as about the person’s life.

Here we are talking about TOP personalities, could be even a President, and often is, of Corporations, Banks, etc. As soon as the target is reached, they are retrieved from that position and placed in another, if available.

They do NOT know each other and their number varies after demand. No other than their Boss knows the real importance of the target.

There could be up to **500** people. The main bosses know each other, but NONE knows **N° 1**. Otherwise there is **1** as the main responsible + **4** co-responsible.

#### Cell # 4 -controlling spiritual and sects leaders-

Spiritual Leader CONTROLLERS.

Religion and Sects should not acquire too much power. They try to buy them all. Again, most people can be bought with their generous offers.

This Cell must know what each of those leaders represent in order to approach them. From here 'new' leaders can also ensue.

Here we find the top of Materialistic (hidden) Spirituality. Immensely **important** for the **"16"**'s operations as the only thing they are afraid of is being discovered. They KNOW about the Power of the Spirit or Mind, as many call it.

*Its development must be avoided at ANY cost.*

The top "spiritual" leaders must look clever and convincing as well as hold a hard (invisible) grip on their people. Have them all under THEIR control.

Most have no idea of the real scope of their cheating, they just want to be known and have 'Power'.

We can all see that most religions and sects are rather rotten today. They came to the point of even killing themselves.

This Cell has **20** leaders in charge of what is going on with all known religious or sect leaders. It is their job to have them under control and for this they can find appropriate people whom they direct towards whatever target they receive. These **20** are responsible for the results World Wide.

They work together, have all the necessary data available to operate and all the economic help they may wish. The 19 gather reports, the Boss only sends to 'computer' what is essential for the ETs to know. He does know about them, but not about **N° 1**.

Terminal **N° 2**

Main Activity over: **EU Parliament**

#### Cell # 1-investigating known politicians-

This cell is doing continuous INVESTIGATIONS on known politicians with the purpose to undermine them.

They investigate the curriculum of all members of the Parliament, also on members "to be". A kind of FBI with destructive purposes.

This “private investigators” are following up ANY possibility of gossip that could later be useful to them.

This is all what this cell does. Its headquarters is in Berlin, a lawyer’s company, a “Political Bureau” where legal advise is also given. It is NOT hidden, but the information coming in IS! There they have a secure computer system for sending and receiving.

The compiled data goes to a Political Base. After it is analyzed it is sent to # **N° 2** to his ‘underground’ computer and to the moon.

Later orders are issued for **Cell # 2**.

There are many investigators; even press reporters can be used as well as different spying systems. There are only **4** bosses known to **N° 2**, again, they do NOT know him. There is a SENIOR in the office of Berlin who checks the in coming data and decides what should be sent on.

In the Base we find the main European EXPERTS **6** in all, 2 Ets & 4 of our own race, 2 from the US & 2 from Europe (Belgium & Holland).

#### **Cell # 2 -coordination-**

Once a plan is made, **Cell # 2** receives exact orders about the persons that must be followed, contacted, helped or destroyed.

Here the Senior Boss adjudicates which team or person will be in charge of each assignment. These people have been trained in harassment, if necessary, in being very convincing and able to make “good friends” with the elected person. Each receives the assignment with an order of what should be achieved.

The Senior Boss’s job is to follow up the results using investigators from **cell # 1**. Only this Boss knows what the overall scene is, and **N° 2** knows him, but he has no idea about **N° 2**’s real position.

The amount of people working for this cell varies. This cell is “invisible”.

The people he uses come from a file delivered by **Cell # 3**. This list changes often. There they are also trained.

#### **Cell # 3 -finding and training people for cell # 2-**

Their job is to find and train suitable persons. The finding is helped by **Cell # 4** from **N° 14** even though they do some work themselves too. For this they use specially trained and very able people, about **7** of them.

Most of these people are “easy to buy”. Once an agreement is established they get trained in how to approach and handle their assignments. These trainees are often university graduates, they need a job, and they get it! Also a position is created for them. They get into companies, government offices, etc. From there they can contact and do what is expected of them.

Headquarters situated in Amsterdam as a business training company. It has different classrooms, even different houses.

Once **Cell # 3** is satisfied with the training the file goes to **Cell # 2**. Jobs are handled by **Cell # 3** composed of **1** Senior Boss and **10** instructors.

#### **Cell # 4 -searching people for political infiltration-**

Political experts are gathered in this cell, kind of a Political Academy placed in Hanover. Here they get trained in what to find for **political** use. This could be for ANY country as the BASICS are much the same. These trainees later get high posts in other cells.

This cell does **FIND** the people they wish to train. It is the **CORE** for political manipulation. Here we have **experienced** in practical life politicians. They are not too known to us, nevertheless they have a brilliant mind.

The core of the Political Web in how to infiltrate and with what results.

They know about the Basic Purpose and that they are part of an all powerful group which they intend to be **THE** group leading the world.

A very well hidden cell composed of **20** political experts. No boss here other than **N° 2** whom they know, but have no idea he is their Boss!

They have agreed to send reports to a computer and to receive their coded pay checks accounts.

When they receive orders they can discuss them, agree or disagree and then send back the result they achieved.

There is mostly good harmony in this work as they have a mutual goal. But, if problems should ensue the handling of **Cell # 2** of **N° 9** acts swiftly

## Terminal **N° 3**

Main Activity over: Russian Finance

### Cell # 1 -gathers knowledge in all soviet union banks-

Bank connections, basically to control Russia. “They” divide Russia between themselves. Part of Global bank business.

This cell must know about ALL bank businesses in the whole region that before was Soviet Union. Mafia movements must be known too. Basic purpose is that the flow of money should come from their controlled sources in order to buy cheap. An instigation cell.

Reports, on a via end in N° 3’s hands and from them he will advise for loans to be granted.

Central office in Moscow under the name of Bank Advisors. They have all banks mapped and all data about them too. It is not even hidden. To be able to be certain about the data, they have staff traveling as helpers to the different banks with their problems. The fee they charge is not high so they are welcome everywhere they present themselves.

There are about 30 people employed in this cell, most of them are traveling around. In headquarters the “brain” is placed and as usual there are 5 main bosses and 1 of them decides about what should be transmitted through their communication system.

### Cell # 2 -agreements and contracts with high finance and governments-

Political and diplomatic cell.

Agreements must be made with high finance and governments. They do not necessarily have the data from Cell # 1, but N° 3 has them. This cell gets the contracts signed all over the ex Soviet Union.

If they get to know about any bank movements from some border countries, these will be reported. People of this cell are very helpful to the places they visit, but their assignment is to get the contracts signed!

Banks are happy to get those loans, but in reality they are selling out their country to a one-hand government called Globalization.

This cell works without knowing its boss; they are his tentacles through the region and help him provide loans that are profitable for the “16”.

All gets worked out in the economical and political Bases. Mars does not need to get involved for minor investments.

Here we have business and bank managers with great interest in the contracts as they get commissions for them! They know nothing about the scope of this work, just plain bank business.

These persons are provided by Cell # 3. Cell # 2 is situated in a business office in Switzerland, not far from **N° 9!**. It is in Geneva. There agreements are made with the chosen people. **5** of them work together and have equal power.

### Cell # 3 -headhunter-

The “Head Hunters”.

They must find the correct people as well as groove them in about their future job. Most are delighted when they get to know about their assignments.

This cell finds their prospects in government, banks or in the business world. For information they have access to Central Files. It makes it fast to locate the right people. Office placed in Bern, Switzerland, in a banking center.

This cell is divided in ‘hunters’ and the ones giving instructions. If a person does not seem correct he never gets to the instruction part.

There are **20, 4** for instructions and **16** for the search.

The **4** are the bosses and the only ones that know about Cell # 2 and what kinds of people are needed. Orders are received from computers, and they come from Cell # 4.

### Cell # 4 -high finance and decision-making-

The high finance cell representing the money flow of the planet.

They must agree to what should be done. When they meet they receive summarized correct data. Most of them have no idea about the Aliens, but the suggestions they are getting come from a Base where all has been analyzed.

This cell directs Russia’s and many other countries economy, but the area of Russia is the responsibility of **N° 3**.

Cell 4 knows all the finance leaders and has the power to convoke for meetings. Some of the **“16”** are part of it. Their number varies depending on its needs.

These meetings are generally done with short notice, often in places the **16** have for such occasions. Discussions are brief.

This is a decision making cell.

Here the power of the **“16”** is concentrated. ANY of the **“16”** can convoke these TOP finance persons when there is a chance of acquiring another piece of the planet, or, if crisis not provoked by them, ensue. No press ever hears about this, even though these TOP SECRET meetings are choking and drowning us all.

## Terminal N° 4

Main Activity over:

### Vatican Administration

Guerrilla – Terrorism

## Cell # 1 *-Vatican administration-*

Vatican Administration, their business is tightly linked with our GLOBALIZATION.

Vatican must also know in what to invest and N° 4 is in charge of this.

A business Cell linking with planet's high finance. Here is what the Catholic's donations go to. Here we also have clean bank business, and as the cardinals cannot sit doing this work, this Cell does the work for them.

Being part of the "16" they have access to the best businesses. People accepted in this company must have influence and wealth. There are about 50 people, all very able, but they are tightly supervised by the bosses of this Cell, which are 3 + 1, which means that only one of them has access to Main Computer which is tied to the Organization's Administration.

## Cell # 2 *-cash flow for guerrilla and terrorism-*

Lets the cash flow for guerrilla & terrorism work + administration and hidden delivery to specific funds for later use in practical life.

This Cell is divided between Underground Base work where all their World Wide Administration of accounts is placed. With the "16" agreement, money is allocated for this purpose, (guerrilla & terrorism) then distributed as needed. Aliens and terrestrials, 150 in all man all Underground computers. 120 are our people, 30 are alien specialists in Planetary Administration.

Over ground they must see to that things function, as they should. They ensure that the accounts DO exist and CAN be used with no difficulties. These people know as little as possible about the totality of the WEB.

There are 20 of them and 4 have the responsibility for its flawless function.

### **Cell # 3** *-public relations for staging splendid scenes for the Vatican-*

The Vatican is a STAGE; scenarios must be produced in order to keep people's interest.

The Pope's person is backed up as any president. They need a Public Relation Cell. Their job is to find out what will be successful and where. All big events have their costs. This Cell is generously supplied with cash. All must be **SPLENDID**.

This way the **"16"** make everybody believe in the "purity" of their purposes.

The money for Guerrilla & Terrorism stems from the same source as Vatican's splendiddness.

It may seem new and hard to understand this, but it is in reality a Very Old Game. A way to maintain Power over us all. It is OK to believe in a God, but rather meaningless to give money and prayers to a VATICAN who uses it for our destruction.

People in this Cell KNOW the best way to produce the desired effects, and this is what they apply. There are about **50** people, co-coordinating their knowledge when some of their suggestions are accepted. When rewards are given, all get the same amount.

Ideas and needs are passed on the usual way. **14** has great interest in these shows and is the one that can give the approval for their execution.

### **Cell # 4** *-top connections, even drug and prostitution business-*

The TOP CONNECTION CELL.

Vatican's highest representatives. Laymen, not known in the press but, very active in GLOBAL connections.

**N° 4** sees to it that they get access to many profitable contracts. This being his main job as well as finding ways for money to flow continually into his domain.

Here we have a well-established lawyer's office, situated in Rome's most exclusive business building. Apparently it has no connection to the Vatican. Their job is to increase its assets. Even prostitution and drugs could be considered, as long as the gains are part of a "safe and secure business".

***This is the UPPER WORLD investing and keeping alive the UNDERWORLD.***

***All in all, a dirty business behind a SPLENDID FAÇADE!***

The bosses of this Cell are **6** hard and able investor and contract makers.

## Terminal N° 5

Main Activity over: China

### Cell # 1 -selected society-

The Selected Society Cell forming a very exclusive Club or sect. This Cell is in charge of finding, getting acquainted or introduced to persons that have something to say in the Chinese structure. Surrounding Asian countries could be included as long as they serve their GLOBAL purpose.

People from this Cell are in agreement with the take over of Power, if possible, over whole Asia. They conceive it as strengthening China & Asia in this GLOBAL game.

As **N° 5** do know many leading personalities, he has founded this Club, naturally not under his name. He participates in meetings but not as the LEADER he in reality is. No one is afraid of him, as he seeks no power for himself! This way he is welcome everywhere.

What no one knows is that he later gives orders to one of his Cells to gather the people he chose. He never pushes in any direction, only **sees** what is going on in many different governmental cycles. He is often invited to neighboring countries, as he is very good in arranging official meetings. Many are grateful for his help.

In this Cell he works with “friends”. They get to know what is necessary for the function they are executing, but about the **“16”** they have no idea.

The numbers of this Cell varies, but does not exceed **20**.

### **Cell # 2** -club organizers-

The “Club’s” organizers and leaders.

It all looks exclusive and very important. There are certain things each member is supposed to do in order to improve his ‘status’ in the “Club”.

Different grades of difficulties are established, and to reach to the highest Status (something everyone wishes) they perform the necessary (for the **“16”**) changes in the country they come from, mostly China.

This Cell is highly educated and knows all about Asian customs. They are also tightly supervised as they are manipulating a big portion of our planet.

They're about **70** persons involved in this Cell. It is a strict organization in itself, with its own rules, rewards and penalties. They all come from renown and good families. These family ties increase their reach into the part of the society they wish to control. Some have even religious Buddhist ties. There are minor branches of this Club outside Beijing, which is the Club.

These are in Shanghai, Guangzhon (Canton), Chengdu, Taiyuan, North Korea – P'Yongyang, Vietnam – Saigon, Singapore – Malaysia, Bangkok – Thailand. Even if they are much smaller Clubs, they follow exactly the same rules and regulations as the main one.

Twice a year there is a meeting in Beijing.

### Cell # 3 -located in an alien base in northwest china-

Coordination Cell working in a Base in China. It is situated North West of the country. Area of Ürümgl between 45 - 40 longitude and 85 – 90 latitude.

A political Base working for Asian and Chinese “development”. There are about **100** people; half of them Ets and the other half are Asians and Europeans. This Base connects with other Bases of the same kind in order to work Globally.

No mayor movements are allowed without an OK from Mars. **5** goes personally to this “VIP” Base.

### Cell # 4 -security cleaning and transport-

Security Cell, doing any work that cannot be done with computers.

Anything that need to be gotten or transported to the Clubs. Their own messenger system necessary not to draw attention. The most ‘natural’ things are transported the usual way, but none of these people come even as far as the kitchen.

This Cell is also in charge of the cleaning personnel whose pay is good, but they cannot go around the Club without a monitor following their moves.

This Cell's responsibility is Security in all directions.

Its main office is in Beijing with branches, as they consider necessary. Here we have many people involved. In the core of this Cell there are some Very tough people.

Good organizers are needed, as places must look spotless and ‘free’. No one has ever seen how tightly monitored these Clubs are.

8 are responsible for security.

For organization of different kind 150.

The over all responsibility is in the hands of 5 bosses and one has a link to 5 through a special device which links to his computer. This is only used in case of emergency, where security is threatened. He will not get punished for using the line as this helps fast action, if really needed. He also has the highest pay, unknown to the other 4. They apparently work together on the same level.

Money gets allocated for all their needs through some special bank computers. The Organization in Beijing looks very normal; Cleaning deliveries and Security Services.

*An amazingly subtle net involving the Asian countries.*

*These lines are tightly supervised and used with the basic purpose of having them all in their 'hands'.*

*No one can see all these tailor made events as they often occur in dis-related places*

*N° 5 is a very agreeable personality and has no enemies. On the other hand has them all in his power!*

## Terminal N° 6

Main Activity over: India

### Cell # 1 -information about sects and religious leaders-

Here we have a HINDU leader whose main work is in India, being the biggest area, but it extends to other countries too.

A SECT controller, information Cell. Informs about all sect leaders, especially in Hinduism, as the ones that have the POWER over the population are their 'spiritual' leaders.

The information system is built on the same structure as in the other issues. It is mostly a Hindu Cell. Has headquarters in Amristar, north of the country, on the border with Pakistan, not too far from Nepal, Tibet. This is a rather strong religious area for Asia.

They also gather data about Buddhist leaders, as these are the people they can use in their Global Business and they have influence and power in their area.

We see the crowds, but the ‘spiritual’ leaders control them. And the “16” do everything they can to influence them. This looks like tentacles going out in all directions to continually find these people in all strata of the society.

They must KNOW who they are, their background and their peculiarities.

Trained investigators that NEVER draw attention on themselves. There are many working at this, possibly 450 people, but the core of the Cell working in Amrister is of 20. This is a Religious Information Center where even tourists can come to get some pretty correct data.

It all looks, as usual, totally innocent, and all in the name of knowledge and help for humanity!

The “16” are the BEST-informed group on Earth. Computers are of great help.

Most important data ends up in N° 6’s computer. There is NO visible connection between him and this Cell.

### Cell # 2 -governmental-

The governmental Cell.

Making meetings with the leaders they have decided to use. They need them for government policies.

N° 6 ‘runs’ the country with a strong link to the “16”’s basic projects.

This Cell arranges meetings and gets people together in a ‘natural way’. Whatever seems spontaneous from their part is all carefully staged. No others but them can see all the connections made in order to work towards Globalization, ignorance and poverty for the masses and on the other hand immense wealth and power for themselves + their nearest allies.

What they DO is buy and tie the hands of ANY leader that wishes to help the people. But, if this proves not possible he is gotten rid of.

Cell composed of influential people in India and South Asia. They must be able to bring into effect all those agreeable and luxurious meetings.

The only “office” they have is a computer that stores all the data about the ‘members’ out in the field as well as gives instructions about what meetings should be established.

A Public Relations Cell creating constant contacts. The bosses come from high cast, high rank families, accepted wherever they go. Many are N° 6’s personal friends, but

as he is known for his wisdom and decency, all is done with, apparently, the best intention. The manipulation is certainly INVISIBLE.

They like **20** as a number for the most important ones. The tentacles amount to about **200** people.

*Please notice that they just arrange meetings!*

### Cell # 3 -global coordinator-

The coordination Cell World Wide.

Someone MUST KNOW what is going on in different places, what they have achieved and what the next targets are.

This Cell is situated in a Base in Nebraska, North Plate – Seneca and Ringgold Area. It is used by all the “**16**” as needed and **N° 6** depends on its strategy to make his meetings and know in what direction these meetings should go.

Here super specialists from Andromeda follow day-by-day developments of their plans. India with its problems is totally known to them. They are allowed, in daily life to give some guidance, but any MAYOR change must have the OK from Mars. As we see, Hindu religion is directed from.....Mars!

Globalization is monitored from GLOBAL knowledge in a not global Base!

### Cell # 4 -fulfilling purposes in prepared meetings-

Composed of persons that KNOW the purpose of the established meetings. **6** personally assign these. They are not necessarily Hindu, they come with concrete proposals.

Many of them have been implanted to achieve their purpose (not known to them). They can represent strong Banks or a ‘helping’ foreign government. Contracts are made in a secret way with different group leaders. The net result we can see is IGNORANCE – POVERTY – HOPELESSNESS –

Some can even come from another Cell to “prepare” them. Those meetings are RECORDED and can always be used for blackmail if somebody changes his mind. The recording devices are not visible as they are highly sophisticated.

This way of operating is for most of their clandestine or less clandestine meetings. It works for them, no one gets to regret!

We must understand that this is their STANDARD way of operating, and 100% under their control.

*It creates this INVISIBLE WEB.*

*There are thousands of relatively small movements, but all coordinated with NO CORRUPTION, which makes them strong.*

*The most deadly part of it all is that it is in reality NOT organized by the mentioned “16”, but they are being driven by EXTERNAL forces as we just saw.*

## Terminal N° 7

Main Activity over: **Brazil**

### The South America Web

#### Cell # 1 -southamerican connection-

The South American Connection.

This cell keeps communication with **all** South American governments, must know everything going on in these countries.

Here we have diplomats, ministers or secretaries in high positions.

What **N° 7** wants is INSIDE information.

As Brazil is the most important country in South America, other countries are eager to have good relations with it, and as **N° 7** is a government advisor he can work on his South American Web, which basically is his mission.

There is a diplomatic bureau in Sao Pablo, a State institution where meetings are held to brief and debrief the different emissaries. It is all a friendly interchange of information, which goes toward South American Trade Unity.

This cell is the preparation prior to different treaties about which we do hear in the press.

The head of all these connections is **N° 7**. It is his job to connect these to the rest of their world.

This cell is composed of **100** people. The ones briefing and debriefing are the Bosses, and there are about **10** of them. One of these **10** has the power of command over them

all and can cut any line he considers dangerous for the purpose he knows about, (Power for Brazil).

Danger = someone getting too curious and who does not believe in the “help” being offered.

Depending on the grade of ‘danger’, measures are taken, from a fade out of communication, tracing this person’s connections, up to nullifying even them. Also ‘natural’ death can occur as well as making a drug addict of the person in question.

Connections are sought in the nearest possible vicinity of a president, or to a president himself. A “beautiful” South American fraternity!

Their people should get all top positions, the others should be replaced one by one. There are ways of getting rid of unwanted persons also by **ruining their reputation**, which is cell # 2’s specialty.

There is also a MILITARY connection done in such a way that armies will interfere or keep away from events, depending on **N° 7’s** orders. This is agreed with Mars for important issues, otherwise the **“16”** can decide.

They prefer to have agreement among themselves, as this is part of their strength. They work for GLOBAL, not personal interest.

The MILITARY part of this cell has its own people, as militarists think and act a bit different than politicians and have the Power to make and break governments.

As **N° 7** is a military man he gives great heed to this part of his Cell, and has many friends in it. He is mostly liked as he can always procure excellent jobs.

Here we have a Military Web in South America 100% **unknown** to the people.

The **“16”**’s people are also placed here on Key posts.

In this way South America is in their hands. Here there are about **200** people as well as Bosses. Headquarters are in one of Brazil’s military bases connected to Alien Bases, one in Minas Gerais, South of Diamantina, 18.5 longitude, 43.5 latitude. A military Base.

The other one is not far from Brasilia in Goias, North from Anapolis, not far from Interlandia 17 longitude and 49 latitude. An Economic – Political Base.

### Cell # 2 -discredits targets reputation-

Instigation Cell composed of spies, detectives, actors, people that can easily infiltrate any place and look **convincing**.

When they get assigned a target they must:

- 1) Ruin this person's reputation in such a way that he loses credibility and respectability to such an extent that he even may commit suicide.
- 2) They should not get detected as the source of the scandal. Soon journalists will get involved and they can just fade out of the scene.

This cell is composed of people that come and go. As their people also get trained here, they have a beautiful place not far from Brasilia.

As soon an assignment is given, all the pertinent data about the target are available for the 'trainee'.

It looks like a quiet study area. Videos are also at his disposal. The moves are thoroughly planned, but once they start on their mission, the contact with Cell # 2 is ended. Still, it is their responsibility if the guy fails!

Mostly well-educated people are chosen. They work for **N° 7**, but if any other member should need their help, they will get it.

Some of the instructors have been professional spies, others relatively good actors and some, pro detectives. They can teach from practical experience. Here we have a Learning Center as well as an Information Center. You can imagine the efficiency of the information! There are **55** people at work with **2** responsible Bosses.

### Cell # 3 -spying network for southamerica-

The Spying Network.

A huge net! Gets information from all South America. Lots from Brazil as it is the biggest power in the region.

Thorough and innocent investigation. They are being told what to look for and their pay is according to the information delivered. They all have a cover job where they earn for their daily living. An extra earning is the bait.

A good organization is needed to follow this up as it is done on a "population" level.

Each information is collected and analyzed with other related information. In the end **N° 7** gets a clear picture of how all these countries LIVE. Prosperity is **not** his aim, but full control **IS**.

Headquarters are in one of **N° 7**'s estates, a military Information Center in Teresopolis North of Rio de Janeiro. Here the information comes from the 300 checkpoints all over the continent. This means that there also are **300** persons, each responsible for his or her area.

This is a smooth and easy operation as many are eager to get such a job that gives them enough to live on. Basic salary is ensured as long as there also is some delivery with reasonable intervals.

Each of the **300** must get and handle "his" people. Help is at hand only if he delivers as expected of him.

No results equals to no job or....!

In headquarters we find the real experts, **20** of them. Only **1** reports to Base, possibly without even knowing that it is an Alien underground place.

#### **Cell # 4 -southamerican universities control-**

The University Cell, concerned with Latin American EDUCATION. The most interest is in University studies.

They gather data from ALL upper level studies. They follow their study programs. Able technicians are needed, but any studies about the spirit and the mind are constantly being watched, all their books scrutinized by experts in the field (experts in 100% suppressing it).

Able citizens are not what they want. Mediocrity + no jobs keep young people weak and easy to control. No real responsibility should be taught, best if the State takes this over, more comfortable for the students!

Prominent students get on their lists as they could be used or subdued. As youth is the FUTURE of any nation, the "**16**" want to decide over it.

University Unification is a governmental institution situate in Rio de Janeiro.

Visitors (professors) from other parts of the world are welcome. They can learn all what they wish about Latin America. Only thing missing is that no one knows what this data is used for and how they CAN influence ANY University in their Global direction.

Funds are granted or taken away, depending on the University's OBEDIENCE to their rules!

Here we have staff at headquarters, **50** with **4** Bosses, **1** responsible to the **7** whom he knows, but not that he is THE BOSS. There are about **200** traveling 'agents'.

## Terminal N° 8

**Main Activity over: Australian handling of South East Asia**

### Cell # 1 -finding and buying mostly in Asia-

**The finding and buying Cell. Works together with Cell # 3 from N° 9 & Cell # 3 from N° 16. These are all businessmen, they earn commissions on the 'deals' they make.**

**Australia is the right position from where to work. Draws less attention than from the West. It is in reality a cover, being as it is in the Web.**

**Purpose, to buy much, as cheap as possible. They KNOW through their investigating and planning systems where there will be a future 'boom' for building & industrialization.**

**There are about 100 people involved, only 1 reports to a computer.**

**This CENTRAL COMPUTER with data about buying and selling is their "Economy Computer" located in a Base in the US near Washington DC.**

**When different Cell leaders report, they do it to a sub-central computer, which also goes to a Base, but not directly to the CENTRAL one. This is done to protect their hidden communication lines.**

**These 100 people have 'advisors' that have the power to say yes or no to the transactions. There are 4 of them.**

The Bosses of the mentioned Cells CAN communicate with each other, as they are responsible for the deals being made. N° 8 gets the needed information through his computer. He knows the 5 Big Bosses. They have high positions in the Business World.

### Cell # 2 -consolidation for their assets-

The consolidation Cell run by economists.

Whatever is bought worldwide must be economically linked together. This Cell works in an office in New York. An innocent Investment Company very well situated in Wall Street. There are 40 people with 4 Bosses.

All what they do is receive the information and create a net. This way one company or land or whatever they invest in, coordinates with the others. A SECRET WEB.

This Cell knows about the economical movements. Sees it all as 'good' business. Has NO idea about the other endeavors.

### Cell #3 -business administration world wide-

Business Administration Cell.

Sees that THEIR people get into the administration of their conglomerates. For this the training Cells are used, depending on what kind of people are needed. They get the necessary data from the available people.

Again a World Wide Web for positioning the CORRECT persons to the needed admin posts. Administrators that must know the basic structures of the different places. Real EXPERTS with Top Business salaries.

Situated in London, a Business Administration firm. Accountants work in it. They know what it is all about, Globalization, and are in full agreement with it.

The people they employ around the world, ALL report to this office and receive instructions from here.

Quite some responsibility for N° 8!

There are 20 top administrators and 1 Boss.

Cell # 4 -Australian training center for administrators-

In Australia, training the necessary things such as banking business, corporation administration, farming and plantation, huge building administration, Drug & Prostitution administration, etc.

These are already able people that have proven their worth.

It is an elegant Training Center with capacity for about 100 people at a time. Naturally, each trainee gets into their FILES and is used according to their needs. They must be able to handle huge amounts of money and goods as well as understand their distribution.

**N° 8** is in charge of this ‘School’. He tightly supervises it, as the results are VITAL for the Web. No one knows the real interest he has in it!

As an economy professor he is welcome there. Teachers are the BEST, about 20 of this kind.

People from outside the Web come for training too.

Only 1 is in charge to see the EXPECTED results, and he has access to the ‘correct’ communication lines.

Terminal **N° 9**

THE BOSS

Cell # 1 -banking world-

Is in the banking world. Gets data about LOANS, mainly to countries. The Boss through this Bank Cell knows all “Secret” bank agreements. Here we have all the main banks such as the Vatican, IMF, Chase Manhattan, the Main German Banks, etc. Much of it is done through bribes.

Head of the cell are Bank and Finance EXPERTS, 20 of them. They work for a well-known company, this is the cover, but the job is Bank Spying.

Under them there are about 1000 bribable people.

Some of these Main Bosses have contact with Bases that work with Finance manipulation.

The information goes from Experts to Base and from Base to Experts.

**N° 9** has access to Base information, and KNOWS who his main cell leaders are. He even has meetings with them as an “innocent” business investor!

## Cell # 2 *-assassination squad-*

The ASSASSINATION cell, also experts in planting false evidences.

**N° 9**, in all his manipulations, when he finds opposition to his work, or failures, even from one of the “**16**” (only **15** left), **Cell 2** is in charge of **ELIMINATION**.

Here we find the most refined assassins. There are only **5** Bosses, and they do work together. They have a huge pay, even if no work is needed for a period of time. They know that if their job is a failure they themselves are liquidated (through abduction, heart attacks, etc).

They receive their orders in a coded form through e-mail's. Also in a coded form they acknowledge that the order has been received. No other communication is needed, as the result will appear in the press, etc.

Again **N° 9** KNOWS who they are, has seen them personally in different ways, in public as “coincidence” or through spy screens, (mostly this way).

He does KNOW his cells and people well, knows about ALL CELLS and the **15**'s lives, but no one knows really anything about him.

His job is to run a SMOOTH AND INVISIBLE operation.

## Cell # 3 *-business world investments-*

The BUSINESS WORLD, all mayor companies are infiltrated by this cell, experts in business investments. They all work towards globalization, which should be under HIS group's leadership.

The best brains can be bought, as money is not a limiting factor.

**30** members comprise this cell. MANY more people work for them, but they have the responsibility over them all.

The data they uncover or know is transmitted to a central computer outside the usual communication systems.

These people do NOT know each other; only the Boss knows them as a group.

In society they appear as very busy and successful men.

## Cell # 4 *-underworld infiltration-*

This Cell is concerned with a thorough knowledge about the UNDER WORLD. The Boss wants to know who are the strong men there and what their plans are. The Mafia is not allowed to have more power than he considers is prudent for HIS leadership.

This cell is only REPORTING about their moves. They are excellent at infiltrating into that world, and their job is to get and have their confidence. This is achieved by being able to give the correct tips for different operations.

There are rather few in this extremely difficult job, about **35**. They have received training in TELEPATHY. This is needed as “their” group tightly watches them. Trained clandestinely in some jails. They must have a correct curriculum to be accepted.

The Boss has great interest in them, as the Mafia is basically very useful for his plans.

The ways messages are delivered vary between telepathic messages or meeting with an unknown person who only gives a code number or word.

Messages are short.

The “unknown” person sends a coded message to a computer.

Good money is earned for this job. Messages leave no traces.

## Terminal N° 10

Main Activity over: Guerrilla Provider

### Cell # 1 *-contracts for weapons and supplies-*

Office in communication with guerrilla groups. But, if they get in contact with other subversive groups they are always ready to sell them weapons. It is a business, but the main thing is World Wide unrest's.

This Cell provides the information about the groups and places + their capacity for payment. Instead of money there are possibilities of other desirable products such as diamonds, mines, drugs, etc and a good possibility to get in control of the area through some smart contracts.

This Cell is TRAINED in guerrilla's world and ways of life, so agreements are easily reached!

Office situated in Tehran, Iran, coordinates with Islam's wish to take over from N° 11 + agreement with the “16”.

They make contracts and see that the goods are being delivered by Cell # 2.

This group works together and is composed of 150 members. As usual 1 has access to Main Computer for receiving and sending information + 5 others, each responsible for a certain amount of the assigned operations.

N° 10 has GREAT interest in this Cell's operation and is the one who issues orders and final approvals, after consultation with the ones whose areas will be “affected”.

Meetings are seldom necessary, just OKs through their secret communication channels.

N° 9 wants ACTION from this Cell as he has great interest in the world's unrest.

## **More important than business is UNREST!**

There **MUST** be a place, or various; this is optimum, where people kill each other, and the more the better! This keeps the globe in **fear**. With this they also can prepare the Scene (global) for the appearance of a “World Savior from.....”

### **Cell # 2** *-gets all what cell # 1 needs-*

Gets the necessary weapons, or any supplies asked for by Cell # 1. Works with Cell # 4 from **N° 11**, which works with their different weapon industries.

Every Cell gets all the information it needs for functioning, and no more!

Cell # 2 delivers things **EXACTLY** the places and times stipulated by Cell # 1. They do keep promises.

There are **20** people that work together. Office in Vietnam, Saigon (Thanh Pho Ho Chi Minh). The leader is responsible for smooth delivery.

### **Cell # 3** *-instigator, provokes fights in the name of help-*

**The Instigation Cell creates places where **N° 10** can provide **MILITARY** unrest, wherever possible. Being a military man he knows how to give advice that provokes paramilitary or guerrilla groups. Suggests that insurrection will handle all their difficulties. Pushes toward regional fights without ever being suspected.**

Sends his top advisors whenever he has decided that he wants to “get in”. Tries to have people of different nationalities, does not consider language as a stop.

Office in Bogotá Colombia, Help in Governmental Administration. From here lines are kept only to the different “advisers”. They help with whatever is needed and answer ANY questions that may come up. They have behind them their Information Center.

**N° 10** has the **MAIN** data about the ongoing infiltrators + their progress. They never desist from an elected area. Colombia is a good example.

Here **6** people work tightly together. Government leaders often consult this sophisticated Cell, as they are available just “to help you win and prosper”. What is happening is that they win through continuous instigations, often between the people that they are “helping” as they set one side against the other. This is where they have their greatest successes.

They keep unrest going “artificially”. Millions die under these manipulations. N° 10 does not care, nor the “16” as there is no shortage of people!!!

**Their Globalization is the ONLY thing that counts!**

## **Cell # 4** *-sophisticate global training centre-*

Training Cell for all the people they need. Situated in Europe, Belgium, Charleroi.

Many trainees are sent out in the “field” to get practical experience, so they come and go. This Cell has several houses and a farm where they give all the necessary instructions for what N° 10 says he needs. Also from here they keep in touch with “their people” from all over the world, and send them to the required places needed by the other 3 Cells.

A very nice GLOBAL Cell. It is responsible for good training and for keeping exact records of their “students”.

Their cover names are business seminars for special branches. Not everyone is accepted. There is a general trial period of about 6 months where some things are being learned, and the Cell has the time to find out if they can be of use to **them**. It is all their responsibility.

A beautiful and well-kept “Institution”. Neighbors are even proud of it!

Any tough training is done in the global field where they are supposed to work. Here we find, as usual, very good trainers for different things and from several nationalities. They also come and go.

The responsible for this show are **tough** military people disguised as professors. There are **10** of them, **1** reports, but they do collaborate in this quest.

Sophisticated spying devices are all over these places, as they must KNOW all about their future collaborators. They even investigate their background and family ties. When they find somebody spying on them, the person disappears with some very “logical” statements.

The Belgium King has been guest here.

N° 10 is very proud of this place which has the “16”’s full protection.

From here there are ties to the EU Parliament. Some even get training here to be able to influence the planet. Such people are well accepted by practically any government.

Also EU government or military people come here. This is considered a privilege also for important business people.

## **A very refined Club!**

### Terminal N° 11

Main Activity over: **Terrorism**

#### Cell # 1 -terrorism-

The plan-making Cell composed of organizers from different parts in the world. Their job is to find out WHERE to install guerrilla and terrorism. This is often aimed at Islamic “problems”, but the data gathered planet wise is relegated to other trained groups.

A World Plot! Their products are strategies and plans; this is what they get paid for, splendidly. The other side of the medal is, that if their plans do not function; there is the risk of the ‘death squad’. It has to be remembered that the **‘16’** do know each other!

This Cell’s Central Office is situated in Moscow. Their unknown boss is **N° 11** he does know them.

The world at large MUST be in continuous unrest. People’s lives are of no importance.

Members of this cell are trained informers specialized in different countries and they can work wherever it is needed. Their façade is kindness, a Human Knowledge Institute. They are **35** experts at work. Even if it is Islamic minded, they can work in any country.

They study people’s reactions to different situations. Their instigation is always directed at some **existing** long term problem or fights.

Information is relayed to UNESCO or another World Helping Organization in Washington DC. Messages are coded for the purpose. From there, to their-usual “safe” computer. **N° 11**’s secretary decodes it. **N° 11** makes the decisions, some times together with his partners. No need for higher approval. Only reports MUST be sent to Mars, via Moon.

***On broad issues the movements of the “16” are coordinated on Mars.***

Many of the **35** are scholars, Islamic of preference. The idea **N° 11** has is One Government under Islam! Destruction of any kind of other religions is OK. So, if all others fight each other this suits his purpose.

FANATICISM is of great use, specially for the ones behind, as in the end it will all be under the Ets.

To get people working a 'spiritual' purpose is often used. Spirituality to create guerrilla wars and terrorism! Obviously there is a misunderstanding of the word Spiritual.

## **Cell # 2** *-terrorist instructor-*

Gets the plans, as soon as they have been approved. Here we have the tough executor. Military brave and clever people. They must have survived heavy fights. They lead camps, as excellent teachers in either terrorism or guerrilla wars. Only leaders are trained here. When finished, they go and make their own camps around the world, and train others!

They can also use big cities for training, as terrorism is often done in such places (for biggest possible effect). They must learn to move without being noticed, even learn to live in big cities. Otherwise there are training camps in farms, forests or other isolated places, always with a nicely accepted name as never to draw attention. There are **25** top nudge instructors. They work isolated as long as their contact so decides. Each gets his own assignment. Their contacts are often business people. Transactions are made for money and supplies. These people are intermediaries with no knowledge about the plot. Trainees are assigned from special "head hunters". The relevant data ends in **11**'s computer; he sorts out the **25** as well as the trainees because this is the bastion of most importance for the achievement of WORLD CHAOS and Islamic power. This is his personal aim, and is permitted as long as it serves, at the same time to the One World Government plans.

## **Cell # 3** *-terrorist recruiting-*

Infiltrating the Islamic religion in all parts of the world. These people are experts in the Koran and all the Islamic rites and customs even though many of them live in different, not Islamic countries.

They work in all continents and are willingly accepted as they are just teaching. No government has any suspicion in regard to their real purposes.

There are about **450** "missionaries". They all come from very specialized schools that are very international, and had never been attacked. Naturally, people from other religions are also welcome to attend. This is basically a very silent infiltration of Islam. As they are a minority outside the Arab States they are considered as "interesting studies"

The main leaders come from Mecca. Only **5** give reports of problems and achievements back to Mecca. Via hidden computer systems it goes to **11**.

The **450** know the **5** and respect them.

## **Cell # 4** *-guerrilla and terrorism-*

Armies as well as business do really nothing against guerrilla and terrorism.

This cell is in charge of the army supplies. They make deals in weapons to all sides, guerrilla as well as official armies. Much of the manufacturing of weapons is in the hands of the “16”’s friends and allies.

Here we have the advantage of information gatherings. They know ALL mayor movements worldwide.

**Cell # 4** is expert in all kind of weapons. They are backed up by ‘their own industry’. Even members of the Trilateral are here involved. For them it is all BUSINESS & POWER.

Operators of this cell are diplomatic, well educated and knowledgeable also in politics. They are kept well informed.

It always makes a good impression when you come and divulge an enemy’s secret plans. This is part of supplying their “needs”.

These people are also accustomed in handling any military or government chiefs, no matter their nationality as they are thoroughly briefed before approaching anybody. For this, films are often used in order to make people and environment known to them. Today language is of NO importance.

New York, Berlin, Tokyo, Beijing, Paris, Seoul, Mexico City, Caracas, have training institutions in “humanity and behavior”.

Before coming here they must know all about weapons and its business. Recruited from all over the world. They must be capable of making contracts.

There are about **250** of these people.

No big movements can be done without the OK from Mars.

There is a strategy elite working in a Base. This is the BASIC **Cell # 4**. There are **10** people here, combined with Aliens and our own. When a plan is made it is transmitted the usual way to **N° 11**. He must approve them all.

There are contacts for the **250** as they must be recruited as well as trained and later on keep in communication about their achievements. These are “representatives” from big companies. They are not aware about the mayor plan, and the only thing they care about is business!

When a plan is approved, these people get contacted, as necessary.

Deliveries are big or small, as needed.

**N° 11** makes also arrangements with the rest of the “16”.

*All this is MUCH better organized than our Police and Justice departments!*

## Terminal **N° 12**

Main Activity over: Access to US president

### Cell # 1 -plan makers on mars-

This BASIC cell is on Mars. The plan maker cell.

They know him, he knows them. He is part of their plan making.

The contact is kept via the moon, and he thinks that his cell is located there! This is done for their protection. The more hidden & unknown, the more power they have.

**The most powerful of all cells.** They are trying to form the future of this planet.

This cell has contact with the leading Bases on Earth in order to control it all, and get the needed information.

### **Cell # 2 -spy leaders-**

Is composed of spy leaders. They have assigned areas and in reality they comprise the whole planet.

The spy leaders do not know each other. One of the **25** is their contact.

The information needed is:

1. Economy of the region.
2. Political situation, report of ANY important leaders appearing.
3. Any plans to overthrow the government.
4. What kind of weapons they have in the region.
5. Any very wealthy people appearing.

The flow of money for this apparently innocent job is generous. But, incorrect information equals to LIQUIDATION in form of a car accident, a heart attack, etc. So, they **do** get **correct** data.

### **Cell # 3 -government infiltrators-**

Are INFILTRATORS in **all** relatively important governments.

There are around **2000**, but they have leaders to report to. These are people from the society, a kind of a subversive group in any government group.

Their training is slight, their pay is BIG. They earn in relation to the importance of their achievements as they also act as INSTIGATORS. They can destabilize groups. Each acts according to his – hers abilities.

The information accumulates through “minor” bosses. There are **10** mayor ones who report to **one**, who reports to a Base. To **N° 12** the information comes through his MARS relay.

This way he has “clean hands”.

Even if the spying is rather innocent, the results are often deadly.

#### Cell # 4 -grey eminence behind governments-

A very specialized and highly trained group that has access to the **very top** of the most important governments. They are the “gray eminence “ behind any government.

Posts are being assigned. They are “well educated” people, trained in “good” behavior and in politics. Bright persons.

There are about **120** in this group. They might know some of the others. They communicate and get information in some of the “usual” meetings they so often go to.

In their training they have been told that their contacts will vary in order not to draw attention on who is behind.

The basic cell is composed of **20** persons. They do NOT KNOW each other.

From a Base orders are given and information received INDIVIDUALLY.

The **20** know about Bases, but not about **N° 12**. He does know them all and can follow their performance in the world.

In this way he is the best-informed politician. What he says is CORRECT!

### Terminal **N° 13**

Main Activity over: **Working to get the ‘right’ candidates elected**

#### Cell # 1 -elections money distribution-

Receiving and distributing the money flow as needed. **N° 13** gives orders to their central administration and to the group in charge of paying the “right” people. All done through computers.

**N° 13** MUST have a thorough understanding of each country where he gets to work. He dominates 7 languages, but he also has in this group the needed translators which all are grooved into good behavior. All surrounding the “**16**” in any way is spotless.

No one will ever dream of his role in the election game.

Translators come and go. The money distributors are also administrators and responsible for the efficiency of the distribution. They are only **5**, with equal power. They work very well together. Here we have NO cheating. Their salary is very generous, even when no campaigns are going on. It is their job to find the contacts as indicated by the next Cell, and handle the “contributions” in an undetectable way.

### Cell # 2 -elections spying-

Information and spying is done as soon a country is assigned to them. They must quickly find out all about the different groups in regard to election. Here we find some locally known opinion leaders. This Cell decides nothing but is responsible for all necessary data for an EXACT judgment of the country’s current situation. For them all have equal importance. EVERY person that appears on a voting list must be checked about his life and family. Presidential candidates, more thoroughly, if possible.

This Cell is comprised of able organizers, they do not work in an office. They establish their headquarters wherever their assignment is.

They MUST live in the country to see things in real life and compare it with the information already given to them. They are again **5** working well together in the field. Reports given to a computer assigned to them. Where the computers are the coordination of all **N° 13**’s work is done. It is not situated in a Base, but in an administrative office in Mexico City. Here also **5** experts work for a boss they never met.

### Cell # 3 -public relations infiltration-

Public relation persons backed up by **Cell # 1**. These people are “trained” by **Cell # 4**. These could be business people as well as local personalities, not too known to the press, but respected in their area. It is their job to talk nicely or in a derogatory way about the candidates. Scandals may appear through their information.

Basically they work in such a way that the candidate the “**16**” want (they do agree about this) is depicted as the good man or a hero. The faults they know about him are as much as possible kept back to be used, if necessary, later as pressure or blackmail methods.

They must know what is going on during the whole campaign. As it is generally long they have the time to get well acquainted with the country’s peculiarities.

**5** people are responsible for this work as well as for the necessary reports.

#### Cell # 4 -training cell # 3 people

Finding and training the necessary people to infiltrate any election campaign. The huge information network they are in possession of is at their disposal. Fresh information is received from **Cell # 2**. It is now their job to find the people needed to get in contact with the different leaders, those whose opinion will be listened to. These could be good friends, if possible, priests or someone they owe money to. But, they **must** find what they need.

At this stage they already know who the “winning” candidate is, so the whole work goes in that direction.

Here we have **20** well-trained people responsible for this function. They go from country to country.

If election “fails” some of these people could loose their jobs by loosing their lives, all depending on the mistakes found.

When the “wrong” one wins, in spite of all these efforts, people **MUST** be posted near him, with sufficient influence so that their World Control plan, through Globalization continues with no stops. This way they ‘win’ in both cases.

*Mr. Fox, the president of Mexico is a person they appreciate. His Global ideas match perfectly with theirs. He will also be helped, there is MUCH worth having in this rich in natural resources country.*

*This is the TREND the “16” wish to see, and yes, there will be investments which will take more out of the country than it will leave in it.*

*Even the Vatican, as part of the World Bank is involved in this scheme.*

*President Bush was their candidate. Anyone of you can analyze the different presidents and start to understand how and why they were elected and see the GLOBAL link.*

*They often have big meetings in “peace and harmony”.*

*So, if ALL are elected as they wish we would have a MORTAL GLOBAL HARMONY on Earth.*

*As all the presidents “democratically” elected are under their control (of the “16”), THE WHOLE WEALTH AS WELL AS POPULATION IS DIRECTED BY THEIR WILL.*

*But, this will is **NOT** theirs. They receive, as you already well know, orders from Mars. And the ones giving them are **NOT** of our race!*

*The rest I leave to YOU, my dear readers.*

*I thank you for your attention.*

## Terminal N° 14

### Main Activity over: Political Advisory for Europe and Germany

#### Cell # 1 -making trouble for Europe-

To make Europe unstable. His people keep ETA and other European terrorist & criminal groups as the Neo Nazis active. This cell helps organize their moves as well as supplies them with the necessary money.

Has NO interest in a peace in the Middle East, so his people are also sent there. This cell acts any place where there can be **trouble** for Europe.

These international leaders are troublemakers for the European Union. They are planted in each of the Unions country, also in them about joining. They are stationed in the different countries, and must have that region's nationality.

They give information and receive orders as well as the necessary money from **5** cell leaders. These **5** speak many different languages in order to see what is going on without being discovered. They do know each other. Only **one** of them, the senior relates the data to a secret computer from which he also gets orders and money codes.

**N° 14** knows the **5** from parties in the University or other young people's gatherings.

They are often selected through University records. This job is called "International Advisors"

#### Cell # 2 -european parliament contact-

Infiltrated military advisors. They are against the formation of a European Army as the purpose is a weak Europe. They make it hard to get an agreement for its fortification. What is wanted is dependency on the US.

Here we have **5** leaders, all with a high political or military rank. They do not know each other. Their contact is a military "attaché" from the European Parliament, a person with no great importance or influence, but he is the best paid of them all!

All their private transactions are UNTRACEABLE as the "**16**" control the world economy.

All inside information is delivered in code to the "attaché".

Their network of communication is through safe computers and only codes are being used. The “attaché” is sending to a computer placed in Washington DC. From there it is transmitted to Germany where the information is studied and SELECTED by some political experts, subversive university people. They are well paid for their political analysis. The leader of this group is a secretary to **N° 14**. This all looks as some innocent University work.

Yes, **N° 14** has some visible computers, but also some that are well hidden. These are used for his coded messages and are placed in between his books. When all these data is thoroughly digested, they are sent to the Moon, which, as we know is only a relay point for Mars.

The political moves we see in TV or elsewhere, are directed from Mars through the **“16”**.

Mars DECIDES to whom they give orders, as they are the only ones that have the total information.

As you can see, unknown people can cause things to happen on our planet. The sad thing is that many of the leaders we blame for what is going on, have NO idea about the Web they are surrounded by.

### **Cell # 3** *-universities people finder-*

Political “Head Hunters”. They study the upper level education lists and the final exams.

Lets take as an example the Trilateral. It is composed of certain kind of people which basic drive is THIRST FOR POWER. The persons that have something to say in Economy – Politics and our Globalization, if we make a thorough analysis of their backgrounds, we will find out that they have some educational training which you will be able to link together. Different names, but same **purpose**.

This cell finds the “correct” candidates. Remember, the **“16”** are designed to run the whole planet.

Cell # 3 is composed of **120** well indoctrinated as well as educated people. They are well received in the Universities or other High Tech Institutes. They work with an exact program to choose the candidates as many positions are “waiting” for them. The organizers on Mars have a clear view of the leading positions, which should be occupied by “their people”. It is a global job, but no one can see it by just looking at his or her country.

The backbone of GLOBALIZATION and ONE WORLD GOVERNMENT.

### **Cell # 4** *-european parliament candidates finder-*

The European Parliament MUST be infiltrated. It is today a Center of Economic as well as Political power. As the purpose is to weaken it, one of the ways to do it is by generating quarrels.

From all the data gathered about “their people”, they find the ones they can use for this Parliament. They get them into position and then ‘advise’ them in their jobs.

Here we have some experts, sitting in a Political Base creating strings to global power.

The cell is composed of 4 governmental experts that work with a team of computer professionals who work with each country's collected data.

We know that they are in possession of all our names.

They trace the persons that could be used for the EU Parliament, indicate the results through the usual channels, which end at the N° 14's computer. This helps him "advise", first of all Germany, where the main strength lies right now, then the rest of the EU Union.

The chosen people will prove conflictive and not too bright, but very happy to receive a higher status or position in the society.

*Apparently we vote and decide. Do we?*

## Terminal N° 15

**Main Activity over: Mental Health**

### Cell # 1 -psychiatry-

## **Governmental lobbying the importance of Psychiatrists – Psychologists & Mental Institutions.**

They work to get MONEY from taxpayers through legislation + budget assignments in the first world countries.

In this Cell they are already trained for the job with highly respectable Doctor titles and lawyers.

Cell # 3 from N° 14 finds students from Universities. They are looking for high degrees & high greed. The pay is good and on top they get % of what they achieve.

Often taken as advisors in Mental Health matters. Some are even part of the bureaucracy. N° 15 follows their deeds. Has instructors that give orders and money as well as collect data. There are 1 in each country, 15 in all.

### Cell # 2 -mental health training-

#### Mental Health Training.

There is NO access to Cell # 1 before OK from Cell # 2.

Such Training Center is situated in Canada. There are minor Centers in Germany – France – Switzerland – Denmark.

Emphasis is on Europe. A way to try to halt their Power by never getting rid of any criminals, instead, increasing their numbers.

This people get INDOCTRINATED and implanted with microchips, naturally without their knowledge. This work is done by Ets as they are experts in this. It is often done while the victim is sound asleep or drugged, even in his own home.

For the “16”’s work this has high priority.

**N° 15** is director of the Montreal Center. It is all very legal!

The cell consists of **20** professors (all implanted), all visible, and a hidden team composed of spies that follow the moves from Cell # 1! They are specialized implanters **10** ( 3 Ets + 7 ours). The spies have **4** leaders responsible for giving correct information about Cell # 1. It is their headache of how they execute this job.

### Cell # 3 -mental institutions-

Specialists working INSIDE Institutions.

For the “16” the most important ones are the rich people’s “revalidation Centers”, unimportant people have a chance to get out as somebody must recover!

The specialists must spot the persons who, when made drug addicts – insane or criminal will be able to affect some important people in the society.

They advise for ‘special treatments’ and are very persuasive and “nice” to family and patients.

Some are placed in other important institutions, especially those where judges send the criminals. Here it is easier to work as often no one is following up on the procedures being used.

This Cell is mostly FINDING the adequate people they can make into professional criminals. Often they can sign them OUT as ‘sane’. They do have AUTHORITY in the places they work, so their orders are followed.

This is planetary work, with emphasis on Europe, Russia, South and Central America, Japan, Hong Kong, USA, South Chorea, Thailand and wherever progress can be found!

Only **20** tough organizers are in charge of keeping this network working. They have **1** Boss. He is the only one that has access to **N° 15**.

People they have working in institutions are around **1.500!**

#### Cell # 4 -crime consolidation-

The “doctors” executing the transformation of the patients. Yes, they can also help!!!

But, the ones assigned by Cell 3 are taken into their custody. There they transform them in “worthy participants” in crimes necessary to get MORE POLICE for the One World Police Planet.

The “16” see to it that all nations legislate for more police!

This Cell consists of doctors + helpers, about 5.000, controlled through a Mental Health Organization.

Cell 4 is infiltrated throughout the world. 230 of them know what they are doing, no need even to hide. There is another institution for ‘coordination’, Mental Health in Toronto Canada. There we have 4 top secretaries.

From there to Base, 8 people - to N° 15 - to Moon, etc.

#### Terminal N° 16

Main Activity over: (Industrialization)

#### Cell # 1 -business leaders headhunters-

**Inside knowledge of Big and prosperous companies and Corporations is their aim.**

**This is a “Head Hunters” association. There are 130 people. They work in different parts of the planet, but they also help each other to find the right people. The Head of the Association only knows the real purpose of the placements.**

**INFILTRATION OF NEW PEOPLE is the basic purpose. We know that this is a Communication Web, and it has to continue working even if some persons change jobs.**

**Before people are even assigned to a certain area they have been under the Cell # 1 scrutiny. The Cell’s only job is to find and place the right people to the correct places.**

**In order to do this they must have a thorough knowledge about the company’s needs and possibilities.**

**It all looks so easy and well paid, but if mistakes are made, these could cost them their lives.**

The Director connects to Cell 2

#### Cell # 2 -related to cell # 1-

**This one keeps in touch only with the ones they have planned to use as spies.**

For GLOBAL planning correct inside information is needed.

.

Most Corporations are Power greedy, they want to be the biggest but the “16” want them all under their hidden control. For them Earth is ONE BIG COMPANY.

Cell 2 is an elegant industrial & business spy system. Same way of delivering information, by hidden computers.

The data flows to a Main analysis computer placed in a Base on Earth. Essentials go to N° 16 who relays it to Moon - Mars from where orders come to buy and create conglomerates, so in the end ONE hand can direct it all.

In the Base 4 people, 2 Ets & 2 of our experts work “willingly”, but are implanted robots (they do not know it).

The contacts are about 150. They work individually. Orders and debriefs are done through computers. On top of them are 4 who do know each other and are in charge of keeping an eye on the 150.

If something should not work as expected, there is always the liquidation squad, cell 2 from the BOSS N° 9!

Here N° 16 only knows 8 people, the 4 in Base and the other 4 in charge.

The biggest emphasis is in ASIA where labor is cheap! We know not much of this, but the East is growing.

18/1/2001

### Cell # 3 -money and banking-

Money funds for industrialization called INVESTMENT FUNDS each with its specific code. This is what Cell # 3 is in charge of. This means that it sees to that some of the profit money is not “stolen”, but gets into the adequate channels. The “16” sit over the world economy, and money gives Power.

Mr. Greenspan is told exactly what to do.

This is a BANKING cell. They also influence the IMF and other World Banks. Here we find the manipulations of the Stock Exchange!

Their main office is in Frankfurt, “The Foundation for Industrial Structure”, or something similar.

They have economical experts who can make it all look 100% legal.

Big Corporations and businesses pay “gladly” as the purpose seems to be that UNITED they will have the Power over all assets on the planet. In reality they are all being CHEATED, as the idea behind is that all should end in the Grey’s hands.

**Through our insatiable thirst for power we will be giving it all to the Aliens.**

**The funds are used to keep the “16” Web going, to buy huge areas of land, pay terrorist and guerrilla groups, keep the infiltrations strong and ruining any opposition.**

**This cell is composed of 3 parts.**

- 1) Management of Bank Accounts, fund, etc. 110 people.**
- 2) Responsible for the money being paid by the associated Corporations, etc. 500 people**
- 3) Situation analysis and the issue of orders given by N° “16” or from the Bases. 12 persons (7 are Aliens)**

**Cell # 4** *-checking up and buying big corporations-*

**INVESTIGATION TEAM also divided into 3 parts.**

- 1) Following up the trend of big Corporations, just keeping an eye on them. 18 people.**
- 2) Investigating further purchases. They may totally ruin a country to get its natural wealth. This can be done in any part of the world and in any sector of business or trade. We can take as an example tourism, the clothing industry, and most important of all (for us), the food industry. When they OWN a company they can fill our food with substances that we know nothing about. Remember all the laboratories they have in the Bases and elsewhere. 36 people.**
- 3) Issuing the orders of how to move and what to do. The same as cell 3. Their own team of 12 (7 Aliens)**
