5. Take best reading item, get attitudes and emotions. R3R Triple.

6. Continue attitudes and emotions with reading items, R3R Triple.

LRH COMMENT—

“Pgm and C/S OK.”

The auditor starts the word clearing.

AUDITOR’S COMMENTS AND C/S 14.4.72—

Doing fine. Has a bit of a rough time on words. Still a bit fixated on you. Usually only GIs on F/Ns—this will improve. He has had and still has a bit of a sore throat.

1. Touch Assist to a cog.
2. Complete clearing R3R and L-3B words.
3. Assess PT environment buttons (attached). Get emotions and attitudes on best reading.
4. R3R Triple.
5. Havingness.

Put havingness on Pgm before ending each session.

LRH COMMENT—

“Very well done.

You’re doing fine. Probably has some overts on me. Not likely to recover until they’re off.

C/S OK.”

The auditor does the C/S and continues the word clearing.

AUDITOR’S COMMENTS AND C/S 15.4.72—

Well hey! No wonder. He has M/Us up the kazoo! TA goes low. Overwhelmed on words. He really dug the Touch Assist and Havingness. And he had better inds. Also gave me a compliment. (He’s usually super critical.)

So no wonder he spun! And has had lots of W/Clearing?!!! I’m pleased with his progress.

*FOOTNOTE: PT Environment List is list made up by the auditor of areas in the pc’s environment that may be charged.

202

1. Touch Assist to cog.
2. Clear word sensation.
3. Complete clearing L-3B and R3R items.
4. Continue Pgm.

LRH COMMENT 16.4.72—

On Auditor’s C/S

“Very well done. There’s something wrong with his WCing. If he bogs we do a WC Corr List.

Ha, I know what it is. He had a WC Corr List over Mis/U wds on the list. Needs verifying but I’ll bet his WCing is out but list won’t detect.”

On separate note

“Very well done. That’s a very bright observation.

Check his folders for the WC Corr List of 25 Jan 72 (not available to me at this hour).

I’ll bet anything it F/Ned because he doesn’t understand the words on it. This would make a completion that COULD HAVE BEEN AN ARC BRK NEEDLE ON THE WCCL ASSMT! AND AT EXAMINER!

Complete the list you are working on as per your C/S.

Then look at the 25 Jan session.

At 1A we will do, if this looks like he didn’t really get his WCing corrected, clear WCCL words and assess and correct before we plunge into any more chains at 2 of Pgm.

He’s been audited too much to be so ill. So there’s a case bug—as above.”

The auditor spends the next session clearing up one word and ends with Havingness “Feel that”.

AUDITOR’S COMMENTS AND C/S 16.4.72—

Words is really where he is. We went on huge chain 3 1/2 hrs to clear sensation!

I looked at that WCCL 25 Jan 72—doesn’t seem he answered 2 of the questions—just said yeh F/N—GIs exam—27 Jan 72 another WCCL, only tick handled, looks on last Q pc didn’t understand, said yes then no, and got F/N and then 8RR F/Ned—No comment!—at exams GIs, declare Q asked —comm lag - yeh small F/N ok inds.

3 Feb 72 bogs on M2. WCCL done, probable M/Us.

7 Feb 72 Red tab declare on WCCL, get re-exam after some M2 and declares.

So his WCing IS BAD—you were so correct.

I would like to change Pgm a bit to clear all words on WCCL and WC C/S 1 —then WCCL—then verify or complete M 1.

LRH COMMENT AND C/S 17.4.72—

On Auditor's C/S

"Very well done. Your original observation found this. He must have been ARC Brk F/Ning on the original actions."

On separate sheet

"Very well done.

You found the original clue to all this.

203

So he must have been doing an ARC Brk F/N on earlier WCCLs. This means he's been run, possibly, over an ARC Brk. Gives him his 'sad effect'.

Possible Ethics action on the earlier M1 'completion'.

So this pc is held down only by words. With tons of auditing, not knowing the words, he's never been audited!

Means no one ever cleared commands on him. Thus he's a 'chronic case'.

This is a classic really of what we're achieving and how.

1. Clear ARC Brk, carefully.
2. Check for ARC Brk LONG DURATION.
3. Clear word chain.
4. Clear all words on WCCL & WC C/S 1.
5. WCCL.
6. W/Clear M 1 verified as complete."

The auditor does the C/S successfully. WCing is continued for 7 sessions with good results. However in the next session the pc gets sad and red tabs at the Examiner. Pc statement, "I was kind of uncertain about just which words I didn't U well enough."

AUDITOR'S COMMENT AND C/S 21.4.72—

ARC Brk at exam. Pc in sad effect. Not sure on words (which are M/U) bogging a bit.

He needs WCCL but that's what I'm trying to clear words for. Probably resolve on ARC Brk.

1. Fly ARC Brk Rud and "In your last session" ARC Brk Rud. (I cleared those words.)
2. Clear PTP and M/W/H, fly each and each as "In your last session".
3. Clear words fraternity, lodge, society, into, develop, form, thematic, motif, cycle, wavelength, thetan, static.
4. Complete clearing words on WCCL and C/S 1 for M 1.
5. M 1 verified or completed.
6. Hav.

LRH COMMENT AND C/S 22.4.72—

"Too bad.

I see what's going wrong here. You're not WClearing over in-Ruds. And not getting an F/N amongst the words. TA went up on FASTEN. After that (pg 4) he got dopey and you didn't grab what he'd really not understood.

Also the long haul of this, if no F/Ns, will move him back into IMPLANTS as *these* contain words, mass and force.

F/N is a sign of RELEASE. But from what? Look up the word. If no Release then no F/N. If no F/N no release.

Your C/S won't handle because it's BPC stirred up and that responds to handling.

1. Were there some words you were not sure about last session? 2wc E/S to F/N.
2. Have we by-passed a win? Rehab.

204

3. Fly all ruds Triple.

4. 2wc Describe your condition to me. E/S to F/N. 5. What have you wanted handled in auditing?

Send folder up with BD statements circled in green. (Red is for R/Ses and Evil Purps and Serv Facs.)"

The auditor does the complete C/S the next session.

AUDITOR'S COMMENT (NO C/S) 22.4.72—

Here is result of your C/S. Lots of reads and some B/Ds.

He really liked it.

LRH COMMENT—

"Well done by Exams.

Good but no C/S. Needs Pgm and C/S.

Danger Condition assigned auditor as I had to bypass last session and being asked to this session again. No Danger Cond Habits please.”

AUDITOR’S PROGRAM 23.4.72—

Has big trouble with words. Words not taken to F/N. Ruds not put in. Has funny indicators on F/Ns.

Hav after each session—Ruds each session.

1. Clear F/N.
2. 2wc “What would have to happen for you to F/N?”
3. Clear backload of words from previous session (that did not F/N).
4. Clear words on WCCL and WC C/S 1.
- 4a. WCCL and handle.
5. WC M1 (or verify). Add: TRs, auditing, galley.
6. WC 8RR and WCCL to F/N list.
7. Tech Div Primary RD. (Can be done part-time during Exp Dn.)
8. Pgm for Exp Dns.

AUDITOR’S C/S 23.4.72—

I re-programmed him for Exp Dn set-up. Got to get words handled.

He has funny inds sometimes on F/Ns like it’s not great enough for him to have an F/N.

1. Fly all Ruds.
2. Clear F/N.
3. 2wc “What would have to happen for you to F/N?” (Mark all BDs, Fs, R/Ses, etc.)
4. Step 3 Pgm.
5. Step 4 Pgm.

LRH COMMENT—

205

“Pgm OK and C/S OK.”

The C/S is done and WCing is continued for three sessions. On 26.4.72 in session (on page 10 of the Worksheet) the auditor is clearing the word “confused” and the pc says, “I don’t feel bad about ‘confused’ but don’t feel good about something—word ‘clearing’ that’s what it is.” The auditor clears this word.

Later on page 20 & 21 of the Worksheet the auditor is clearing the word “sent”. The pc says, “I know what it means.” Auditor, “M/U?” Pc, “Nope. Laugh, yeh I don’t know what it means, I try to convince you, laugh.” The auditor continues and clears it.

The 26.4.72 session ends on an F/N and an F/N exam.

The next session again WCing the pc red tabs at Examiner.

AUDITOR’S COMMENTS AND C/S 27.4.72—

Pc had a sore throat so ended session and took him in later. Hard going. Pc had considerations how he should feel, how long it should last, how should be done.

But actual bog was ARC Brk with his being considered Ethics and chronic sickie. He’s worried about status and being expelled. Decided he should get status made certain by Chaplain. (Doesn’t get on with MO.)

Since bits of this have come up before I want it handled before I continue auditing him.

Main problem in TA was it was over ARC Brk.

0. Pc to get status verified with Chaplain. When pc satisfied:

1. Fly all ruds.
2. Complete Step 4 of Pgm.
3. Continue Pgm.

LRH COMMENTS AND C/S 28.4.72—

On Auditor’s C/S

“Well Done by Exams.

Didn’t get his Ruds in fully or you’d have made it.”

On separate sheet

“You didn’t get ruds in. Pc was not in comm. You don’t run Ruds any old way and you MUST NOT CLEAR WORDS OVER A SOARING TA.

I just sent down a C/S the other day TO YOU 22 Apr 72 same pc ordering you to get an F/N between words.

On 26 Apr pg 20 & 21 of earlier session words got out of sequence. Pc was actually out rud, protesting session.” (LRH had ringed “I try to convince you, laugh” in green on the

worksheet and written “protest”).

“Earlier on pg 10 he’s skipping about amongst words. (Confused becomes Clearing.)

*The cause of all this weird action *in the session* is on the earliest pg 8 26 April where the ARC Brk got 2 reads and you didn’t reassess.

Pgm outness — Clearing backlog of words was a Pgm error that left us without a cleared WCCL now needed.

The general outness is trying to audit someone on Ethics lines in some way.

*FOOTNOTE: The auditor had assessed ARCU and gotten a sF on both C and U and had indicated U instead of reassessing.

206

*Your suggestion is correct. To get it handled by someone acting as Chaplain —probably Host.

But there are errors here of an auditing nature. Moving to a new room, pc’s attn. Not catching protest.

0. Chaplain Interview.

1. L- 1 C Recently.

2. WCCL M5. Handle.”

HOST’S REPORT—

I interviewed (_____ pc) as requested.

The situation was pretty much all handled by him as he went on his own determinism and spoke to the Chaplain/MO last night after session.

He was concerned that the MO had a worse opinion of his medical history than was in fact the case.

He felt that as the MO had a big say in whether he is offloaded or not—this was an uncool situation.

The MO gave him the R-Factor that it is a combination of *bad MO history* and *no production* that gives offload. This brought in his GIs as he felt he was able to produce and hold his own and his status as a SO Member was no longer in danger because of someone else’s opinion.

Says it’s all handled. GIs.

The auditor spends two sessions handling the WCCL. It seems nicely cleaned up so auditor suggests going back to WCing and Pgm. However before the next session the pc reports to the Examiner:

“Sprained my ankle at exercises—scorched my hands on the gravel, going to be hard going up and down stairs,” 4.4 - 4.0 (pc limps out).

Auditor grabs him and gives him a Touch Assist. Pc red tabs at the Examiner (TA 3.5).

AUDITOR’S COMMENT AND C/S 2.5.72—

Sprained ankle—scraped hand—limping.

I can’t put him on footplates as he has bandage on foot and he can’t hold cans very well in one hand—so he’s a bit false TA now.

Touch Assist went very well.

1. Touch Assist.

2. Hav.

(Repeated later in the day if needed.)

LRH COMMENT 3 May 72—

On Auditor’s C/S

“OK. But *this* cat is PTS!!!!!!”

On separate sheet

“Proceeding well but:

*FOOTNOTE: The Chaplain’s hat is worn by the MO who the pc does not get along with.

207

Has himself an accident.

He is obviously PTS as he roller coastered.

Add PTS Check to Pgm.

Your C/S of touch assist and Hav is okay.”

The touch assist was given and pc’s foot getting better. The Word Clearing is continued with a touch assist being given each session to a win. The WCing is continued for several sessions. After the session on 7.5.72 the pc comes to the Examiner and says, “Feel alright about that,” 2.5 F/N Normal.

AUDITOR’S COMMENTS AND C/S 7.5.72—

Almost done.

1. Fly all Ruds “+ overts Triple” added by LRH.
2. Complete clearing WCCL and 8RR.
3. Hav.

LRH COMMENTS—

“Very well done.

He seemed a bit dull at Exams = Heavy on ruds next session.”

The next session the auditor completes clearing the WCCL and WC C/S 1. The pc is sent to the D of P for a PTS Check. However before he has it an EstO grabs him and does some Product Clearing on him. He goes to the Examiner the next morning and says, “(_____ EstO) did some Product Clearing on me last night. I didn’t feel very good about it. Probably had a misunderstood word,” 2.4 D/N.

That day the PTS Check is done and D/Ns at the Examiner.

This arrives back with the auditor who has to spend two sessions clearing up the botched Product Clearing, and then starts in on clearing up M/Us on the PTS materials.

AUDITOR’S COMMENT AND C/S 17.5.72—

Put Ethics in on him. Saw him reading Science Fiction book when he has “no” time and can’t get through PTS materials. Told him to get through fast and keep Ethics in OR NO AUDITING.

He could wait.

This came when I found him not doing it during his study and auditing hrs.

After completing PTS materials.

1. Fly all ruds.
2. M/U on PTS materials.
3. Fly all ruds on PTS.
4. Complete PTS Check.

LRH COMMENT 18.5.72—

“Very well done.

Now hear this. You did very well getting his Out-Ethics spotted. WITH this you opened the door to a resolution of a sticky case.

He’s no good to man or beast and will get no case gain with his Ethics out. That isn’t all he’s doing (loafing during study).

208

Now he is on one RD (PTS) and we find another needed. So we can’t switch RDs. So we add it to Pgm right after what we’re doing. Standard Op Procedure.

So redo this Pgm (it’s messy anyway).

Put in 3 May 72 PL by the auditor (has 2 Lists L&N in it) and handle. We should have done 3 May 72 PL before the PTS RD.

Your C/S is okay.”

The auditor continues the clearing of words to do with PTS Check and then completes the PTS Check.

AUDITOR’S COMMENTS AND C/S 21.5.72—

All it took was clearing the materials—so he knew what was going on. Then went very well. He began to make a sort of a list so I will be alert for out-lists.

He is not ready for PTS RD. I doubt if I could clear all the words on the L-3B and R3R in 25-50 hrs. So that’s why Prim RD.

Then I’ll get him moving on Exp Dn.

1. Clear all words and do HCO PL 3 May 72. L&N the two lists.
2. Havingness.

AUDITOR’S NEW PROGRAM 21.5.72—

Is PTS. Needs PTS RD but not set up. Still big problem with words.

Is Out-Ethics most of the time.

1. 3 May 72 PL. L&N two lists.
2. Method 1 verified or completed—add: TRs, auditing, galley.
3. Tech Div Primary RD.
4. Pgm on Exp Dns (including PTS RD as soon as set up).

LRH COMMENT—

“Very well done.

Yes (to C/S and Pgm).”

The auditor has trouble with high TA and spends several sessions clearing the list and getting it assessed and F/Ning. The pc is by this time on the Primary RD and the auditor spends time each session clearing up M/Us.

AUDITOR’S COMMENT 2.6.72—

May I have OK for him not to do Prim RD part-time. I end up using session time cleaning up his M/Us.

1. Fly all ruds.
2. Clear L-4B words.
3. 3 May PL.
4. Hav.

Then to Dept 13 for M1. He has been on lines too long with no product in sight, until words straightened out.

LRH COMMENT 2.6.72—

209

“Very well done.

Finish up 3 May 72 quickly. Then we can tell.

Off Primary RD until 3 May done and M 1 done.

OK. (By auditor’s note re Dept 13.)”

The next three sessions the auditor spends clearing words on L-4B and up to Step 2 of the 3 May PL.

The next session the pc is found to be unsessionable.

AUDITOR’S COMMENT AND C/S 6.6.72—

Gee—it took me 11 mins to find him unsessionable.

He slept 6, layed around 3 and was tired!

I told him 8 hrs tomorrow and sessionable or else.

I am tired of this, he causes me too much Dev-T.

“R-Factor: We are getting your Ethics in as you are in Danger of offload,” added by LRH.

1. Fly all ruds.
2. Complete 3 May PL.
3. Hav.

LRH COMMENT—

“OK. See addition.”

The auditor finishes the 3 May.

AUDITOR’S COMMENT 7.6.72—

3 May PL done.

I want him to get PRD before I do Exp Dns. He is not sick. Words is his main scene.

1. D of P Int. Inform pc before he gets Exp Dns he must do Prim RD. That he will be going to Dept 13 first for WCing. When he has finished Prim RD he can have Exp Dns.

2. To Dept 13. M1 verified or completed.

To date the pc has not resumed his Exp Dn program. No after-intensive graph was given. The above case history shows what may be necessary to get a pc ready for Exp Dn.

TOTAL NO. OF SESSIONS: 33.
