This course pack is part of the works of L. Ron Hubbard, who developed *Dianetics*® spiritual healing technology and *Scientology*® applied religious philosophy. It is presented to the reader as a record of observations and research into the nature of the human mind and spirit, and not as a statement of claims made by the author. The benefits and goals of *Scientology* philosophy can be attained only by the dedicated efforts of the reader.

The Hubbard® Electrometer, or *E-Meter*™ confessional aid, is a device which is sometimes used in *Dianetics* and *Scientology* counseling. In itself, the *E-Meter* does nothing. It is not intended or effective for the diagnosis, treatment or prevention of any disease, or for the improvement of health or any bodily function.

*No part of this course pack may be reproduced or utilized in any form or by any means electronic or mechanical, including photocopying, recording or by any information storage and retrieval system, without the permission of the copyright owner.*
