

## LRH EDs - THE BLUE VOLUMES

This is a complete copy of the "Original LRH EDs" or Blue Volumes as issued by Bridge in 1983. The full contents for all 28 parts posted is in part 1.

The volumes were divided into the 3 numbering Series, and subdivided into the classes of EDs (INT = International, WW = World Wide, SH = Saint Hill, etc.) and placed in reverse order (latest first) within type. This was quite confusing because of some EDs being in multiple classes with different numbers in each class.

We rearranged everything in date order (earliest first) to give a better historical perspective and make these easy to find by date. The original table of contents is included in part 2 and the original page numbers are in "[ ]" at the beginning of each ED.

See IMB 5 in part 2 for an explanation of the 3 Series of ED numbers and a list of valid (but expired) EDs not included. See LRH ED 345 INT in part 28 for a list of cancelled LRH EDs that were not included.

These are only the EDs that are in the Blue Volumes.

## INTRODUCTION

### THE ORIGINAL LRH EDs PACK

#### Introduction

These LRH EDs are being issued as a new pack to authenticate their source and to preserve and make available the very valuable stat-proven data contained in them.

LRH EDs began many years ago as “Sec Eds” (Secretarial Executive Directives) which meant they were from Ron, issued and signed by his secretary. When LRH moved off the Executive Director post in 1966, they were renamed “Executive Directives” and then in 1969 became “LRH Executive Directives” so that their source was quite clear.

Intended to be a line to Scientologists from Ron, LRH EDs became a way not only to learn about the latest developments, but in the early days, awards were announced in them, international wins and who was going Clear. It was not unusual for students on the Clearing Course to see their name in an LRH ED and when they graduated they were announced in the same way.

LRH EDs were also used to give org tips and programs and ways to boom production.

As LRH sought to turn over his many organization hats, he accepted assistance but it was not always of the best value. Some, in fact, overstepped their responsibilities and—for whatever motive—began to use his name and his communication line without authority. This abuse of the line by others went so far as someone even issuing an LRH ED saying he never read his mail. Staff and public alike resent these counterfeit “REDs.”

Thus, to restore the integrity to this line, a thorough review was made of all LRH EDs issued to determine which he had written and which should be reissued as a pack to preserve the technology in them and make them very easily available to executives and staffs.

It was found that some were issued under his name with his approval (per our standard CSW policy) and thus quite valid. However, strictly speaking, he did not write them.

Others were issued under his name which he did not see.

Hence, this pack of the “original LRH EDs.”

This pack does not include all valid LRH EDs simply because the LRH ED line was used for so many announcements and commendations etc. Those items served their function and remain. But it is the vital technology, programs, tips and advices which are being preserved and reissued as this pack.

A review of LRH EDs plotted against the major International Scientology statistics of the last decade showed a truly phenomenal picture of the effectiveness of REDs.

1972, LRH ED 176 INT “Auditor Recovery” boosted the Well Done Auditing Hours up into a formerly unmatched range. August 1972, LRH ED 179 INT “Staff Pay” took all primary International Scientology statistics into new ranges.

In 1973 with LRH ED 153 “Org Condition Stat Change” these statistics all went out the roof. On this RED alone, one could write pages of the successes. In fact, org execs and staffs did just that! The Flag Bureaux org data files are full of them.

1974 gave us LRH ED 225 “Boom Postulate” and up go the International stats, again! And so it goes on year after year.

LRH ED 293R “1978 - 1979 Birthday Game” (Departmental Mini Programs) was so popular and successful in raising stats, that the org staffs demanded its reissue as the 1979 - 1980 Birthday Game.

LRH ED 296 “New Era Dianetics” Jul ‘78, LRH ED 302 “Debug Tech Breakthrough” February ‘79, LRH ED 306 “Making Auditors” September ‘79, LRH ED “Ron’s Journal 31” December ‘79, LRH ED 338 “31 Years Ago This May ...” May ‘81, LRH ED 342 “Ron’s Journal 35 From Clear to Eternity” May ‘82, LRH ED 339R “Birthday Game 1982/83.”

These are some of the LRH EDs of recent years we are more familiar with and which have, and are booming the statistics of Scientology over and over.

LRH EDs are proven stat-raisers. They get production. Even years later after their original issue LRH EDs can produce raised statistics as freshly as the day they were first issued. LRH ED 67 INT “How To Raise Stats” is a prime example. Issued originally in February, 1969, LRH ED 67 was reissued 12 years later (February 1982) and produced another boom:

International Student Points jumped 8 ½ million over the next few weeks of its issue—a 28% gain. Well Done Auditing Hours climbed 25%. Paid Completions went up 30% in the same period.

And all from an LRH ED reissued 12 years after it was written!

Ron’s advices in these Executive Directives produced booms and can do it again in any area if the advice is simply applied.

To help you boom with this technology, these original LRH EDs are issued as a pack to preserve that valuable line to you.

003 The Original LRH EDs Pack, Arrangement of Contents [unnumbered placed between IMB #5 and page 1]

### The Original LRH EDs Pack Arrangement of Contents

These materials are divided into three sections. These sections are called Series 1, Series 2 Series 3.

Series 1 contains the earliest of these materials. It is comprised of EDs issued by LRH before the LRH EDs issue line was established. Series 2 is made up of the first of the LRH EDs issued by LRH. In early 1969, the numbering of LRH EDs was started over and this comprises Series 3 and goes to present time.

Each Series is further subdivided into EDs by area, i.e., LRH EDs EU, LRH EDs US, LF EDs WW, etc. With this arrangement a person can rapidly find just the LRH EDs for a particu area or for a particular time period.

The invaluable information in these LRH EDs can also be found by subject using the in the back of the second pack.
