Dear Jane:        Re: The Jack Lundin Affair

I have already sent you data on this & you have Ron's tape.

This whole action should be studied because this pattern of operation is exactly what has been pulled on us since the beginning of Dianetics-

Now we know this and now we know how to handle-all Guardian PRC, Intelligence, and Legal personnel should study this as it was handled on all these lines, bang, bang, bang.

Love,

MarySue
