

GIVING A LOT OF DATA AS TO ALL THE ACTIONS YOU WERE DOING THEN. I ALSO SAW THAT ANGELIKKI WAS SICK RECENTLY. ALL THAT ADD UP TO INDICATORS THAT ARE NOT LIKE THE ONES WE NORMALLY GET FROM YOUR AREA. DID YOU GET ANY ENTHETA ON YOUR LINES RECENTLY? HAS SOMEBODY TRIED TO DISCOURAGE YOU FROM DOING TOO MUCH? DID SOMEBODY TELL YOU THAT YOU SHOULD NOT BE SO HARD AGAINST L? I AM JUST TRYING TO UNDERSTAND WHAT IS HAPPENING BECAUSE TO ME, IT SEEMS THAT THERE IS A BIT LESS BEING DONE IN YOUR AREA BUT I DO NOT UNDERSTAND THAT. SO LET ME KNOW SO THAT I CAN HELP YOU AS NEEDED.

(BY THE WAY, I DID SEND YOU THE LETTER TO THE AMBASSADOR SO THAT YOU COULD GET THIS DELIVERED TO HIM. YOU SHOULD HAVE IT BY NOW.)

re: security threats

dear ilias,

i need from you a breakdown of the security threats in greece.

here are some definitions and data so you know what should be on

the breakdown: "security" is defined as 'a condition of being safe'

and a threat is defined as 'sign a cause of possible evil or harm'.

any instances of possible (ul) harm to the safety of church

organizations and operations are counted on the security threats stat.

you count 1 point per sec threats. this is an invest stat. here are

examples of what you would count:

- moonlighting staff (whereby a company would pull out staff from

(the org).

pts type b or c situations of a staff or public.

staff or public involved in a custody case because he/she is a scnist.

- connections to arm or aquirre groups.
- involvment in other practices.
- other than org businesses on org lines or org premises.
- any staff or public attracting heavy antagonism from someone outside the church which might result or has resulted in an attack.
- a (suspected) plant, spy.
- theft of documents or materials.
- squirreling of tech or admin.
- persons spreading rumors enturbulating staff and public.
- sabotage, especially of dissem lines.
- physical security aspects of the org: locked doors, confidential data secured, somebody pushing illegal deals like loan deal.
- enturbulating persons coming on org lines (db's, type 3, drunkards, psychotics, etc).
- a scientologist turning type 3.
- a scientologist involved in gross financial irregs/illegalities.

one thing which should be counted (unless you have new data) is the 100 calls which were received by the mission 2 weeks ago from persons wanting to be dead filed.

make up this list based on the above and send it to me. i need it by thursday.
