

Intelligence Estimate on Miltiadis Evert (1995)

Aug. 83 / OSAP1.RPT

Miltiadis Evert had a Mercedes, but, he didn't want to pay taxes, so he made a false gift to a friend of his, Christos Fissas--a key member of Nea Demokratia. Dimitrocalis, the father of the person who is on trial for murders (as a member of a group of satanists), was responsible for all financial transactions involving party members donations to the party. He was entrusted that post by Evert and Fissas in order to, with Chalikias collaboration transfer these money sums to personal accounts of the above four.

How much untrustworthy and irresponsible in case he opened his mouth about the whole matter?

Simple: As untrustworthy and irresponsible as the father of a satanist murderer. Note father Alevizopoulos, according to an Article published in " KIRIAKATIKI ELEFTHEROITYPIA" was among the first among the Greek priests to forgive sins of son Dimitrocalis. So I guess the circumstances that the whole thing was arranged in order to attack Scientology is now very obvious to you. Because, we already know that the CIA has decided that Samaras is the next Prime Minister of Greece and that they can get rid of two opposition forces (Nea Demokratia and Scientology) using just one single scandal against both of them.

Note how much Samaras supports the Karazitjs psych's gang in Serbia and pleads all the time how much we should begin a war and save the poor Orthodoxe Serves. And so it becomes obvious how the NSA might have planned to get rid also of the European Community as well-- by starting an internal war between member

 return to the matter of the Mercedes, Fyssas and Evert had to do certain actions to cover the case:

1. They had to change the code number of the engine and make a false one. This was undertaken by a well known importer of cars, named Parissis owner of car imports companies, PEROKE theater etc.
2. The falsification of the engine number was done in a garage near the theater "PEROKE", own
3. They had to find a person to do all legal procedures ^{undertaken by the whole responsibility, in order to}

The person who was used for this purpose and took all the responsibilities upon him is Christos Matsakis, a lawyer (Address: Dimocritou 15, 106 73 Athens. Tel. 3633898, 3614369). He was driven in PTSness when he realized what he had done. He tried to solve the matter with Dimitris Kartsounis at that time but he was terrified by Dimitris so much that he hide the matter totally. The only thing he mentioned was that his mother was antagonistic to him when he learned he was a Scientologist. She threatened to sue KEFE for proselytization on the grounds that they are distributing the O.C.A. The result of not telling anything to E/O of Athens Mission Dimitris Kartsounis is that he was until now PTS and did not communicate the matter to anybody.

I saw Matsakis today and after two hours of handling he had a full cog VGIs that he could handle the situation by applying conditions tech on his dynamics.

Remember he wants TO MAINTAIN HIS COVER SO HE CONTINUES TO PROVIDE INFORMATION. There is LRH policy that protects him and his right to

anonymity. He wants to come to the Sea Org when he handles his PTS situation.

I was given this information today in the Corner pizzeria at Alexandras & Patision by Chris Nassakis and between the 5 and 8 pm.

This is true

Notes & Jargon

Karazitjs	A mistransliteration of the name of [Radovan] Karadic, former president of the Bosnian Serb Republic, indicted war criminal and psychiatrist - the latter making him a favourite hate figure for Scientologists.
KEFE	Greek Center of Applied Philosophy - Scientology's outpost in Greece.
Nea Dimocratia	New Democracy, Greece's main centre-right opposition party, led by Constantine Mitsotakis.

"driven in PTSness"	A PTS (Potential Trouble Source) is, according to Hubbard, "any person who, while active in Scientology remains connected to a suppressive person or group." PTSness therefore is the state of being a PTS.
O.C.A.	Oxford Capacity Analysis - a rigged "personality test" used to recruit people into Scientology by diagnosing supposed character flaws.
"a full cog VGIs"	A cognition with Very Good Indicators - i.e. a very evident realisation.
"applying conditions tech on his dynamics"	<p>Using one of the "condition formulae" devised by Hubbard in the 1960s to manage personal relations in various areas, or dynamics, of life - such as family, society, nature, the universe etc. A person is awarded a "condition" depending on their "operating state" with regard to their dynamics - for instance, "Power", "Affluence", "Liability", "Doubt", "Enemy", or "Treason" (amongst others). Supposing that Matsakis was awarded a condition of "Liability" for his actions, he would have been required to follow the "Liability Formula":</p> <ol style="list-style-type: none"> 1. <i>Decide who are one's friends.</i> 2. <i>Deliver an effective blow to the enemies of the group one has been pretending to be part of despite personal danger.</i> 3. <i>Make up the damage one has done by personal contribution far beyond the ordinary demands of a group member.</i> 4. <i>Apply for re-entry to the group by asking the permission of each member of it to rejoin and rejoining only by majority permission, and if refused, repeating (2) and (3) and (4) until one is allowed to be a group member again.</i>
