### **MESSAGE LATE 63**

Ron's Journal late December AD 13

Well, here we go into AD 14.  
With all our technology assembled.  
With a complete Bridge.  
With OTs emerging.  
With a worldwide organization still intact.  
With all attacks upon us failing or failed.  
With all research targets attained.

### **HAPPY NEW YEAR!**

There has been such a blur of activity to complete everything that I doubt you've had time to catch up. I know I haven't!

In January of 1963 anti-Scientology actions intensified and to „play it safe“ I adopted the policies of (a) holding the line in legal spheres and (b) intensified research as the most workable counterattack.

These policies were successful. We have held the line, thanks to the activities of Organization and Association Secretaries, HCOs and all Scientology staffs and Scientologists. And we have even made headway.

FDA is backing down as they have no case and will lose it even if it ever comes to court. They'll still make noise but it's „sounding brass and the tinkle of the temple bell.“ John Fudge (Scientology US) has done a fine job with the help of our attorney, Mr. Brinkman.

In Australia the Labor Party tried to pass a bill in the Victoria State Parliament to bar out Scientology. We demanded a hearing and sued various slanderers for a quarter of a million pounds. HASI Australia did a grand job of holding the fort.

Looks like we've come through the bad news period. You'll still see the summer lightning flitting about the horizon but in actual fact it's a finished storm and we will emerge bone dry and smiling.

However, all this tension resulting from the main upsets and numerous other brush fires put a rather heavy strain on me. I had to carry out, in the face of all this, the most intense period of research I've yet done. By August I had it complete to OT and during the autumn was able to subdivide all old technology and provide new basic technology (Scientology Zero) to bridge from the man in the street all the way to OT. Every level of auditor and case progress has been plotted now and most of the material released, at least on tape.

I have been able to replot activities of auditors and organizations to make the road far less expensive and much more easily followed.

Results from processing are in the stars today at any level compared to even a year ago.

What I have learned is that cases do not progress beyond their Scientology education level. This has made a great difference. A case hangs right at the point to which it has been educated in Scientology. Processing gains are parallel to education gains and the two balance. Fifty percent of a case gain is from processing, fifty percent from training. DC, back in the days of Dick Steves, one-time Organization Secretary, used to produce graph gains by training alone as Dick used to point out.

It's quite impossible to go to OT without a full knowledge of OT processes and an ability to audit them. That was the main point that emerged. But similarly, nobody gets past lower levels as a case without a knowledge of them. This was the main hang up in cases – lack of education in Scientology. And so our whole pattern of forward progress had to change. You have to know to go. And co-audit to OT is the only way it can be made. So vanished is the idea of patients and practitioners. A Scientologist is an auditor.

Well, it's been an exciting AD 13. Let's all get wins in AD 14.

Happy New Year.
