OUTLINE OF PTS HANDLING

PTS situations can arise at any time during a person's Scientology auditing or training program and must be handled speedily and well to get the person back on his course of auditing or training. Many preclears new to Scientology require PTS handling as one of their first actions.

Auditing or training must not be continued over an unhandled PTS sit as processing or study under the duress of suppression will not produce results.

You do not go on hoping or ignore it or call it something else or do any other action except *handle*. Handling PTSness is too easy to allow for any justification or excuse for not doing so, and the steps given below lay out the many handlings which can be used to bring about a full resolution of all PTSness in all pcs.

EDUCATION

A person who is PTS is often the last person to suspect it. He may have become temporarily or momentarily so. And he may have become so very slightly. Or he may be even PTS and have been so for a long time. But he is nevertheless PTS and we must educate him into the subject.

PTS C/S-1

The PTS C/S-1, given in HCOB 31 Dec 78 III EDUCATING THE POTENTIAL TROUBLE SOURCE, THE FIRST STEP TOWARD HANDLING: PTS C/S-1 must be done before any other PTS handling is begun.

This action sets a person up to understand his PTS sit and the mechanics of it. A thorough PTS C/S-1 is the basis of all successful PTS handling.

PTS INTERVIEW

A metered PTS interview per HCOB 24 Apr 72 1, C/S Series 79, PTS INTERVIEWS or a "10 August handling" per HCOB 10 Aug 73 PTS HANDLING done by an auditor in session or an MAA, DofP or SSO will, in most cases, assist the person to spot the antagonistic or SP ele-

ment. Once spotted, the potential trouble source can be assisted in working out a handling for that terminal, or more rarely, in deciding to disconnect from that person.

(If *all* difficulty is encountered on this step, or if the SP cannot easily be found. the pre-clear or student is probably not PTS Type I and should be turned over to an auditor qualified to handle Type II PTS situations with more advanced PTS tech.)

HANDLING

Once the antagonistic terminal has been located, a handling is done to move the PTS person from effect to slight gentle cause over his situation. This handling will include whatever is needed to accomplish the result, and will, of course, vary depending on the person and his circumstances.

A good roads, good weather approach to the antagonistic terminal is usually what is needed. The handling must be agreed upon by the potential trouble source and the person assisting him and must be tailored to put the person at cause over his particular situation.

Handling may include coaching him along to see how he himself actually precipitated the PTS condition in the first place by not applying or by misapplying Scientology basics to his life and relationship with the now antagonistic terminal, per BPL 5 Apr 72RC PTS TYPE A HANDLING.

WHAT IS SCIENTOLOGY?

It quite often happens that the persons antagonistic to the preclear have no real concept of what Scientology is. This can also be true of a very new Scientologist who then misinforms others.

The book *WHAT IS SCIENTOLOGY?* is a very useful tool. The preclear can send a copy of it to persons antagonistic to him and it will give them hope that the person will respond better to life or if they are antagonistic to Scientology can show them what they're being antagonistic to.

Recommendations that the PTS person obtain and use this book (or anyone else who wants to inform his friends or get them on the right road, as the book was not written for the purpose of de-PTSing people) should be made by the interviewing officer. The book was specially priced so it would be more generally available despite the high cost of publishing. It is a large and imposing book and contains the true answers to all the questions people might ask and so saves the PTS person or any other person a great deal of explanation time.

It is quite a formidable weapon when used in that fashion besides being a good book that Scientologists should own in its own right.

CAN WE EVER BE FRIENDS?

Extraordinary successes in handling PTS situations with the *Can We Ever Be Friends?* cassette and booklet occur when these are used. Parents, friends, relatives of Scientologists, who, due to misunderstandings or misinformation thought they were opposed to Scientology and its aims have discovered, after listening to this cassette, that they are in full agreement with it and now give Scientology their support. This action is vital and must not be omitted.

The results available with this cassette cannot be underestimated. It can be used by itself when communication has really broken down between the two terminals or in conjunction with other PTS handling.

PROGRAM

As a result of interview and the various actions connected with it as given above and in the referenced issues the interviewer must give the person a program to be done by the person. If the person does not do the program or report his actions on it, or the program results in no real change in the situation the interviewing officer must require the person to have auditing on the subject. (Ruds can be flown and/or a PTS RD must be given by a qualified auditor in the HGC.)

Clears and OTs can have ruds flown and can do all the PTS RD except engram handling.

This is usually followed by a Suppressed Person RD.

RUDIMENTS

Flying ruds and overts Triple or Quad Flow on the antagonistic terminal is often done to "get ruds in" and enable the pc to better confront the PTS situation he is faced with. This would of course, be done only in session by a qualified auditor when so ordered by the Case Supervisor.

THE PTS RUNDOWN

The PTS Rundown is done when preclears who have had standard, successful PTS handlings roller-coaster at a later date, become ill, slump after making gains, or continue to find additional terminals they are PTS to.

The PTS Rundown handles a more expanded sector of a pc's PTSness and is run to the end phenomena of *a pc who is getting and keeping case gains and never again roller-coasters*.

Note: Clears, OTs and Dianetic Clears are not run on the Dianetic section of the PTS Rundown.

SUPPRESSED PERSON RUNDOWN

This rundown is beautifully simple and magically effective. It can be done with great success on all PTS persons of any case level, from those just beginning their first auditing to Clears, OTs and Dianetic Clears.

The end phenomena of this handling is a miraculous restoration of communication between the estranged terminals *originated* by the formerly antagonistic person. (Reference: HCOB 29 Dec 78 THE SUPPRESSED PERSON RUNDOWN)

REST, QUIET AND A SAFE ENVIRONMENT

Rest, quiet and a safe environment must be provided for a person who has become PTS Type Three.

“In this case, the Type Two’s *apparent* SP is spread all over the world and is often more than all the people there are – for the person sometimes has ghosts about him or demons and they are just more apparent SPs but imaginary as beings as well.”

“... Removed from apparent SPs, kept in a quiet surroundings, not pestered or threatened or put in fear, the person comes up to Type Two and a Search and Discovery should end the matter.” (HCOB 24 Nov 65 SEARCH AND DISCOVERY)

These are powerful and precision tools. With them we can handle our PTS students, pre-clears and staffs and get resounding one-for-one successes.

I am counting on you to do this.
