BOOK: ALL ABOUT RADIATION, May 1957

I want Scientologists to live through World War III.

And I want them to be able to continue to make all the spiritual gain which is there to be had in their Dianetics and Scientology guidance and counseling.

There are factors in the society today which contribute to the restimulation of the effects of toxic substances in the environment upon the thetan, the being himself.

Atomic War has been more or less neglected as a news subject since the late '50s. But that doesn't make it any less a threat. All it takes is one psychopath politician with access to the war-peace button. And today there are a dozen atomic armed nations.

Further, the increased use of atomic power for electrical supply (without also developing proper tech and safeguards in its use) poses a non-military threat.

And the deterioration of the upper atmosphere of the planet, by jets and pollutants, is year by year letting more and more sun radiation through to the planetary surface.

Apparently, radiation can cause a cumulative effect. And, like an engram; has earlier similars back to a basic engram. It would seem therefore, that the more one is exposed to radiation the greater the restimulation and the less resistance he has and the more effect the radiation has on him. In other words, a build up occurs.

The primary purpose of the Purification Rundown is the Spiritual improvement of the person by handling the restimulative effects of the accumulation of drugs and toxic substances.... And, according to the success stories pouring in, it certainly does that.

One of the parts of the Purification Rundown is Niacin. The discoveries I made with this vitamin in the '50s began with its apparent effect on the restimulation of the being by radiation exposure. At that time there was a lot of bomb testing and general radiation exposure and we had lots and lots of preclears who had been subjected to atomic tests, atomic accidents and, in at least one case, to materials that had been part of an old atomic explosion. We were engaged in the spiritual salvaging of these people and we succeeded in that.

As radiation would seem to be cumulative, once one has gotten rid of the cumulative effect of it and the restimulation of the spiritual being that this engenders, one could be far less subject to new blasts of it and their restimulative effects. In other words, once a basic has been run out or handled, new incidents of a similar kind become very minor. While there is no claim that one would be made wholly immune to new incidents, he could be far less spiritually affected by them and freer spiritually as an individual to cope with them.

Bombarded by radiation from atomic plant fallout, from lessened atmosphere protection, people today are far more subject to being victims in the time of atomic war. The cumulative effect of radiation has set them up to a rapid demise in the face of heavy atomic fallout.

With individuals thus far more subject to being spiritually affected by all of this, it brings us to the interesting probability that those who have had a full and competent Purification Rundown could fare better than others not so fortunate....

And that poses the interesting possibility that only Scientologists will have had the spiritual gain that would enable them to function in areas experiencing heavy fallout in an Atomic War.

I want all Scientologists to have the benefit of such spiritual improvement.

The Purification Rundown has as its sole purpose the handling of the restimulative effects of drugs and toxic residuals on a Spiritual Being. The Purification Rundown is a Spiritual activity based on and administered according to the doctrine and practices of the religion of Scientology as set forth by L. Ron Hubbard. No part of the Rundown is intended as the diagnosis, prescription for, or treatment of any bodily or physical condition or ill.
