HCO BULLETIN OF 22 SEPTEMBER 1968

Non-Remimeo  
Class VII  
Class VIII  
Confidential

**REHAB OF VA**

In rehab of VA you null to one item, be sure ruds are in before rehab.

When you correct VA you null the list and follow the laws of listing.

Do the HCOB of 6/6/66 No. 2 on each item that is newly found.

In principle re-running VA without the original list can be fatal.

If anything thinks "Null to 1 Item" means you grind on the same list until all but one goes out he'd better wake up. If two or three items are reading on a list, it is incomplete and must be extended. If all begin to read, the item has been by-passed.

VA lists sometimes have to be extended.
