*NED for OTs Series 30*

**CONFIDENTIAL**

**PROGRAM DEPARTURES**

As with any major grade or RD, there should not be any departures from the Pgm. This is especially true on any powerful RD such as this one. It would be completely forbidden to go off Pgm on NED for OTs and run something else. By something else is meant grades, or part of another RD, or some other type of auditing. This hasn't been done but the consequences would be disastrous. This is mentioned to ensure that no one ever does this. There is the exception of a Touch Assist or a Contact Assist but never a Dianetic Assist for sure.

**Q AND A**

You can start handling a somatic and make the mistake of leaving it incomplete. You can also make a mistake on mass One and it goes over into mass Two. This gives a general rule:

NEVER GET MORE THAN ONE MASS OR CATEGORY ACTIVE, AND ALWAYS COMPLETE TO AN EP THE MASS OR CATEGORY STARTED BEFORE GOING ON TO ANOTHER MASS OR CATEGORY.

**HAVINGNESS**

Don't run Havingness during the RD, it beefs BTs up and makes them tougher to blow.

BTs and clusters are packed in tight in a total non-confront. What a guy can't confront, he is either obsessively having, or the opposite – he has a Can't Have on it. BTs are in Can't Have, Waste, or below, they don't respond to HAVE, they mostly respond to BE.

Allergies are based on Can't Have and Waste, and BTs are in a total Can't Have, so NED for OTs properly run will probably cure some allergies.
