NED for OTs Series 43
C O N F I D E N T I A L

(Amends and clarifies NED for OTs Series
NOTs Series 27
Ref: NED for OTs Series
NOTs Series 41,
NOTs Series 42)

Step 4 of the NED for OTs Rundown (NOTs Series 27) is subdivided into 9 actions (4A, 4B, 4C, 4D, 4E, 4F, 4G, 4H, 4I). The instruction to check interest only applies to Step 4F , (Repair of Past Auditing). All the other steps, (4A - 4E, 4F - 4I) are done without checking interest.

The usual rules of not running anything that doesn't read, and checking for false read or protest if the pc is not interested or protesty, apply to all steps.

ADDITIONAL ACTION

After running or handling any category, one should check whether this acted as a wrong item (or wrong indication) to other BTs to whom it did not apply, but only if there seems to be trouble.

- Example 1: Auditor completes handling "BTs who went Clear and were audited on engrams". Auditor can then check "Did `went Clear and then audited on engrams', act as a wrong item for other BTs to whom it did not apply?" and if reading indicates this was a wrong item to the others.
- Example 2: Auditor completes handling "BTs audited past erasure". Then auditor can check "Did `audited past erasure' act as a wrong item to other BTs?" And if reading, indicate.

  If discomfort or lack of GIs seems to indicate trouble has occurred be sure to check if it has acted as a wrong item, however you can also use the Repair List (NED for OTs Series NOTs Series 24).

This phenomenon of other BTs taking on a wrong item by copying what is run on other BTs tends to happen on any category or button being run. It happens to a far greater degree if an Overrun occurs, i.e. one goes on trying to handle the same category

or button after it has been handled, and starts in on a new area of the body or new category using the same category or button that has just been handled.

Sometimes when using a category or button, a series of automatic blows will occur, you will get a floating TA, and this is the EP for that action and the EP for the session. Hence the rule of short sessioning on NED for OTs and ending off on a floating TA.
