This issue changes the current handling of OT III and OT II: attests and the next step after OT III. We want to end off "endless III's". Starting now, AO C/Ses are to handle Pre OTs on OT III as follows.

Let the person audit on OT III as long as he wishes. But at the first slackening or abandonment or EP or if he is just going on and on into "endless III", look for a nice win and tell him that's it and shunt him over to Audited NOTs.

An AO Review may be necessary before sending the person to attest. On an "endless III" or some of these people who have been incomplete on OT III or who have been on and off OT III for a long time, a Review would be necessary. The Review could be as short as an LDN OT III and Rehab their best win on OT III or as long as a C/S 53 to F/Ning list followed by an LDN OT III and then Rehab their best win on OT III. On some you might only need to find a nice win they had on OT III and indicate that that was it, or get it rehabbed in session (this would mainly apply to persons currently on OT III).

Some of this termination of III would depend on auditor availability for Audited NOTs, but if this is a situation the solution is to train up more NOTs auditors.

The whole intention here is to take Pre OTs who have "completed" OT III per the above qualification and shunt them over to Audited NOTs.

Let's start making OTs in VOLUME.
