SOURCE OPERATIONS #8A

(Further "Hitting" as a
Source)

To reach this level, you completed OT 16 & S@RD, did the GMC, Games Series Course (GSC), Games Basics Course (GBC), and the Source Operations level (502). This brings one to OT 48* or higher. The rest of the levels above that can be created by you, IF you have all the BASICS.

Also we are still working on OT 17-33 to improve the quality of Players still stuck

in the games with no "exit point." We are moving our "entrance point" (to the Bridge) closer and closer to them.

For these reasons, a study and application of TECH or POLICY or both is vital.

The FEBC-ESTO tape notes course, the Data Series Evaluator's Course, OTC Admin Courses, OT Mission and Project Wattering, and other Material are available. All TECH courses and C/S training courses are also available at Row's Orgs.

There are also many OT projects in all fields of New Civilization activity:

ART, MUSIC, HISTORY, SCIENCE, COMPUTERS, ARCHIVES, MEDICINE, RESEARCH, PUBLISHING, SPORTS, POLITICS, ENGINEERING, BANKING, ECONOMICS, MANAGING, DISSEMINATING, PUBLIC RELATIONS, COMMUNICATIONS, DATA COLLECTION, ARCHITECTURE, DESIGN, CINEMA, VIDEO, ELECTRONICS, REAL ESTATE, ENVIRONMENTAL AND SOCIAL IMPROVEMENT, ETC.

Your help will be appreciated and accepted!

Dr. S. El-Sherbini.
