

1 Feb 91 - 91 1040 PM 10m, Fri, Nite.

- 1.) 6 days (- 2 hrs) next attack.
- 2.) Silver ^{Metallic} (green cast French Yellow light) done off about 5-7 m later. Block B across street.
- 3.) While lying down in living room started.
- 4.) Got up and moved to back of building and walked thru it in Hall way.
- 5.) Build up and shut off exactly like last time duration abt 15-10m.
- 6.) Went up to head area (2/sec) cycles this time from Rt leg & gain on gradient.
- 7.) Could walk thru it, by or control of body.
- 8.) Analyzed it had no connection to body but was impinged on pressure system from a transmitter running on SP (in LTA stuck case state) Ran Pr6 in LTA intention. Don't know if it Eked but contact broke off soon after.
- 9.) Attack only on Right side of body.
